REBELS PERMITTED TO PURCHASE ARMS IN U. S.; CUSTOM HOUSE IS OPEN

Secretary of War Instructs Col. Steever to Permit Passage of Supplies Into Juarez, Now Held by Insurrectos

WASHINGTON, May 12.—After the cabinet meeting today, Colonel Steever, in El Paso, Texas, was instructed by the Secretary of War to permit all regular shipments passing through the custom house to enter Juarez. This means that the troops will not interfere with any supplies cleared by the custom house whether they be arms, ammunition or food.

Rebels Cheer as Madero Reopens Customs House

JUAREZ, Mexico, May 12.—Before a cheering throng of revolutionists, Provisional President Francisco I. Madero, Jr., formally opened the custom house here at 12:30 o'clock today, the first step in the reorganization of the local administration of the town.

Famine Threatens; Anarchy Stalks in Towns of Mexico

CHIHUAHUA, May 10.—Via El Paso, May 12.—An insurrection force of 2000, part of the band operating in the districts south of here, is reported to be gathering for an attack on Chihuahua. Already the advance guards are encamped around the city.

Pope Pius Still Confined to Room by Attack of Gout

ROME, May 12.—Pope Pius X is still feeling the effects of his recent attack of gout and the public audiences planned for this morning were suspended. His general condition, however, is giving little alarm to his physicians, who permitted the private audiences set for today.

Body of Banker Is Discovered in Well

WESTWOOD, N. J., May 12.—The body of Robert Loeouwer, president of the Loeouwer Press of New York, and of the First National bank of Westwood, was found today at the bottom of a well on the Loeouwer place here.

Queen Mother Alexandra Returns in Good Health

LONDON, May 12.—Queen Mother Alexandra, who returned a week ago from a cruise in the Mediterranean, has taken up a residence at Sandringham palace, where she will remain until after the coronation. During the cruise and since her return the queen mother has enjoyed good health.

McNamara Kidnaping Probe Rests for 10 Days

INDIANAPOLIS, May 12.—The Marion county grand jury will rest its inquiry of the alleged kidnaping of John J. McNamara for a week or ten days, according to Prosecutor Baker.

May Pork Falls \$1.45 Barrel in Chicago Pit

CHICAGO, May 12.—May pork fell \$1.45 a barrel in price, closing at \$18.45 against \$17.45 twenty-four hours previous. There has been something of a squeeze against short sellers in that option and the drop in quotations was taken to mean that they had pocketed their losses and effected a settlement.

QUEEN NORA AND HER MAIDS OF HONOR RIDE ALONG BERKELEY'S FLOWER-STREWN STREETS

CARNIVAL RULES THE HOUR

College City Is Blossom-Backed Setting for Scene of Fun and Frolic

BERKELEY, May 12.—During the daily band concerts in the afternoon on Shattuck avenue the populace is becoming accustomed to the passage along the main business artery of the queen's motor car with her maids of honor seated beside her, and smooth-faced young gentlemen in high hats and frock coats swinging gracefully from the steps in the most cavalier fashion.

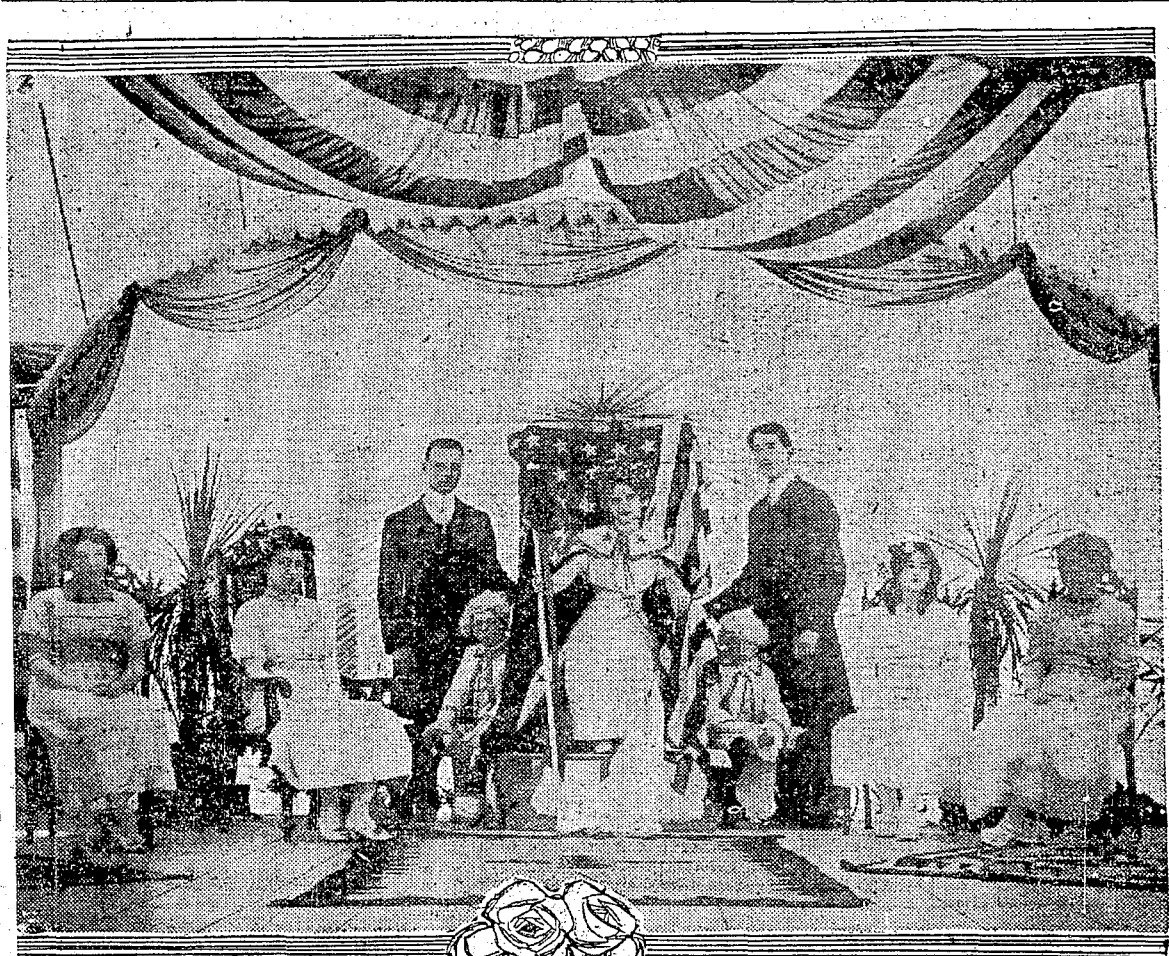

It is all very novel and entertaining to Berkeleyans, who are enjoying their first home flower festival. Mayor Hodgehead, on returning from a southern business trip yesterday, became at once a guest of honor. He was the first to greet the fair ruler who has supplanted him for at least three days. Queen Nora and her maids of honor, flower girls and men escorts, are holding forth again today on the theme platform at the west end of the exposition tent. A reception to citizens was given by the queen this afternoon from 2 to 6 o'clock in the tent, and from 8 to 10 o'clock in the Hotel Shattuck. This evening she is to give a dinner to her court at the same hotel, between 6 and 7 o'clock, and then accompany her retinue on an automobile trip to North Berkeley, Dwight Way, Ashby, South Berkeley, Claremont and West Berkeley. The party will then attend the senior extravaganza at the Greek Theater.

LAST NIGHT'S DANCE. The principal social event of the festival was the ball given at the Hotel Shattuck last evening by the Board of Trade in honor of the queen who, with Councilman R. A. Berry, led the grand march at 9:20 o'clock. Although the attendance was not as large as expected, the formal event was enjoyable, and the lack of a crush was welcomed by most of the dancers. R. M. Dibble acted as floor manager. The ball committee was composed of Dr. William H. Wadsworth, J. A. Gallagher, Robert Ayrlin and Noah N. Gray.

The main feature of the festival on its closing day, tomorrow, will be the floral and military parade, beginning at 3 p. m. The line of march will be as follows: Starting at Shattuck and University, south to Blake street, countermarching north to Durant avenue, thence east on Durant avenue to Telegraph avenue; thence north on Telegraph avenue to Bancroft way; thence west on Bancroft way to Shattuck avenue; thence north to Center street, countermarching south to Allston way and west to Milvia and Allston.

TOMORROW'S PARADE.

The parade tomorrow will be composed of the following: Division 1—Officers of the day, United States naval cadets and cadet bands. Division 2—Coast artillery, National Guard of California, companies A, C, S and G, Fifth regiment, N. G. C. Division 3—California Grays, Fifth regiment infantry band, Berkeley canton, Patriarch Militant, Oakland canton, P. M.; California, aerial of Eagles drill team, Berkeley camp, Modern Woodmen of America, Alameda county Boy Scouts and band. Division 4—Berkeley chamber of commerce, Progress and Prosperity committee of the Oakland chamber of commerce, Berkeley parlor, N. D. G. W., Women's Christian Temperance union, Young Men's Christian association, Berkeley Aero club, Berkeley fire department. Division 5—Miss Olive Shirik and other mounted horsewomen, Queen Nora and court, Wawona club, Ladies of the Macabees, Etude club, Young Ladies' Institute, Twentieth Century club. Division 6—Grammar schools of Berkeley, Collier teams, North Berkeley kindergarten, South Berkeley kindergarten, Fifth regiment band, second half. Division 7—Decorated bicycles, Saturday Evening Post float, Ash nursery float, decorated private automobiles and carriages.

Queen Nora and Her Court on Platform in Exposition Tent. Left to Right—Miss Violet Wilson, and Miss Sophie Mikkelsen, Maids-of-Honor; Horace Brown, Escort; Mervyn Lozier, Page; Queen Nora, Lawrence Harris, Page; O. W. H. Pratt, Escort; Marguerite Edwards and Harriet Teter, Maids-of-Honor.

Republican Predicts Democratic Victory

Timothy Woodruff Sees Trouble Ahead If Conditions Do Not Change.

WASHINGTON, May 12.—Former Republican Chairman Timothy L. Woodruff of New York brought some dire predictions to the White House today.

"If business conditions continue as bad as they are," said Woodruff, "the Democratic party stands an excellent show to carry the state in the presidential campaign. That is due to the practice of business interests in blaming the party in power for famine, droughts and all other natural and unnatural disturbances."

American Federation Takes in Miners

WASHINGTON, May 12.—The Western Federation of Miners has been granted full affiliation with the American Federation of Labor. News of the issuance of a charter was made public today at headquarters of the latter organization.

Widow Granted \$600 Monthly Allowance

Pending the administration of the estate of the late Timothy L. Barker, who died in this city January 3, 1911, leaving an estate valued in excess of \$500,000, the widow, Mary S. Barker, was today granted \$600 a month family allowance by Superior Judge Brown, the same to take effect from the date of her husband's death.

Dogs Save Life of Aged Prospector, Lost on Desert

SAN BERNARDINO, May 12.—Henry Burton, an aged prospector, was saved from death on the desert yesterday by two hounds belonging to George and William Gilbert, owners of the Wild Rose mines. Burton lost his way and had wandered over the desert for two days and nights when the dogs found him lying in the sand behind a clump of greasewood.

40-Inch Limit to Be Placed on Trunks

Western Passenger Association Reaffirms Decision to Enforce Rule.

CHICAGO, May 12.—As a result of the action taken yesterday by the executive committee of the Western Passenger association reaffirming its decision to enforce the rule providing a special tax for carrying trunks more than 40 inches in length, it was predicted that all railroads throughout the country will adopt that principle. The Central Passenger association has gone on record in favor of the 40-inch limit.

Los Angeles Boy 'Rebels' Wound Girl in 'Battle'

LOS ANGELES, May 12.—Playing at "rebels" saw blood begin streaming down the face of Ramona, the 9-year-old daughter of C. H. McWilliams, who fled in a panic. The bullet cut an artery in the little girl's scalp, causing a superficial wound.

Chicago Packers Lose; Indictments Are Valid

J. Ogden Armour Must Answer to Charges of Violating the Anti-Trust Law.

CHICAGO, May 12.—The demurrers of the Chicago packers in the "beef trust" case were overruled today by Judge Carpenter in the United States district court. In his ruling Judge Carpenter declared that the Sherman anti-trust law, which has been attacked by the packers, is constitutional. He also held that the indictments charging J. Ogden Armour and other packers with violating its provisions is valid.

203 LIVES SAVED AT SEA

Steamship Merida Rammed by the Admiral Farragut Off Cape Charles

Battleship Iowa Goes to Rescue When Wireless Flashes the News

NEW YORK, May 12.—Wireless dispatches received here early today tell of a collision between the steamship Admiral Farragut and the Havana liner Merida, off Cape Charles Lightship, Va. The Merida sank in thirty-four fathoms, but before all the 207 passengers and crew had been transferred to the Admiral Farragut.

The collision occurred at 12:30 this morning. The two vessels were about fifty-five miles east of the lightship and half a mile north.

RUSHES BATTLESHIP.

WASHINGTON, May 12.—Wireless messages from Commander B. F. Hutchinson of the battleship Iowa, received this morning at the Washington Navy yard and also from the yard at Norfolk, Va., stated that he was rushing the battleship at full speed toward the scene of the collision.

FEW AMERICANS.

HAVANA, May 12.—The only American on the passenger list of the Ward Line steamer Merida, that sailed from here Tuesday for New York and is reported in collision with the Admiral Farragut this morning, are Philip Lynch, Robert Wright, Mrs. Wright, Anna Wright and William White, the latter a Canadian.

FIVE DROWNED.

DOVER, Eng., May 12.—The British steamer West Moreland collided with the Spanish steamer Debayo from Huelva for Rotterdam off Goodwin sands today. The impact was so terrific that the Debayo sank two minutes later. Her captain, chief engineer and 3 sailors were drowned.

SENDS MESSAGE.

ON BOARD THE ADMIRAL FARRAGUT, by Wireless, May 12, 3:30 p. m.—"We are headed for shoal water, being conveyed by the U. S. battleship Iowa. The condition of the steamship is such that we are forced to keep her stern to the running seas. We have informed the collision bulkhead and shall make an attempt to get into Chesapeake bay. Our position at noon was 183 miles south of Sandy Hook. Am proceeding at five knots an hour for shallow water conveyed by U. S. battleship Iowa. If wind and sea keep from southwest, will proceed northward toward New York, keeping stern to the seas. Cannot use anchors. Too thick to attempt to get into Chesapeake. Ship fairly tight. Reinforced collision bulkheads holding. (Signed) CAPT. A. MADER."

PONCE DE LEON SHOULD BE HERE

The Fountain of Youth May Be Found in "Rejuvenation of Aunt Mary."

Aunt Mary was not the only person rejuvenated at "The Rejuvenation of Aunt Mary" at the Macdonough theater last night. Some usually staid old folk in the audience cut up uproariously for no one can remain calm and see Aunt Mary return the splendor of youth.

The play by Anne Warner is one long laugh, except where a tear or two creep in, but the tears no sooner start than laughter dries them.

May Robson, as Aunt Mary, is the center figure of all the fun, a clever comedienne and a good actress at the same time. She is well supported—unusually well for a star of her magnitude.

Jack Story, as Jack, the nephew, whose escapades cause all the trouble and the fun, and his three chums, played by Paul Decker, Arthur Deering and John McMahon, are lively lads, typical of modern college days. Nina Saville gave a splendid character sketch of a patient and sometimes impatient drudge for Aunt Mary.

The comedy depicts the rejuvenation of Aunt Mary through a trip to New York, her first in twenty years. Of course there is a little love tale running through, with Faye Cusick as the charming heroine. Then there's the other women to cast a shadow over the young lovers. Altogether the play is pleasing from many standpoints, as delightful a comedy as one sees in many a day.

Mrs. Robson will be at the Macdonough tonight, Saturday night and Saturday afternoon.

GREAT CROWD AT CAMORRA TRIAL

Accuser and Accused Maintain Their Dignity During Accusations.

The Supposed Head of Secret Organization Faces the Informer.

VITERBO, Italy, May 12.—The crowd that pressed into the court this morning in anticipation of a violent scene between Gennaro Abbatemaggio, the informer, and Enrico Alfano, whom the former has denounced as the guiding spirit in the Camorra, was disappointed. The exchanges were comparatively mild, Alfano maintaining a dignified composure and his accuser following the other's lead.

Several hours were taken up in an effort to establish whether the men first met in 1905, as Abbatemaggio asserts, or in 1906, as Alfano declares. On this point the jury heard today only the conflicting statements of these men.

The informer repeated his accusation against Alfano to the effect that he was the actual, if not the acknowledged, head of the Camorra and so primarily responsible for the murder of Gennaro Guccolo and his wife. Alfano denied every charge. He said Abbatemaggio had black-mailed Giovanni Rapi, the alleged treasurer of the Camorra, and had denounced him to the authorities when Rapi had been gone four days from Italy and could no longer be the victim of extortion.

LOCKED IN REFRIGERATOR CAR, YOUTH FREEZES

PASADENA, May 12.—Word reached here last night that Fred Peck, son of William Peck of Marcellus, N. Y., was taken out of an ice car of oranges at Canadian, Texas, with his hands and feet so badly frozen that he will die. Peck was visiting his aunt in this city and on May 6 told a young friend that he was going to steal a ride home in a refrigerator car. The car in which he was found was sealed up here for its eastern journey on the same day.

DEFEATED GENERAL FACES COURT-MARTIAL

Tijuana at Peace When Americans Cease Looting Stores of Town

(Continued From Page 1)

back. The official report states that the surrenders were seen ahead in such great numbers that it was deemed "unsafe" to proceed.

FAMINE THREATENS.

Chihuahua City is in a poor way to withstand a prolonged isolation as no reserve supply of provisions was taken in before the railroad was closed. Much criticism is made by citizens because of neglect shown by the federal government in not keeping the city informed of developments outside. It is also declared that had the government acceded to the demands of the insurgents that no troops be carried over the lines they would have been kept open and much suffering would have been avoided.

No reliable news concerning the peace negotiations has been allowed to reach the city.

In the territory adjacent to and south of Torreon towns have been invaded, stores looted, railroads and telegraph lines destroyed and jefes politicos have been killed off with something like monotonous regularity. In many instances the federal troops stood by, utterly helpless.

General Navarro Faces Court-martial in Surrendering Juarez

MEXICO CITY, May 12.—Despite the rumors of a student uprising and a possible attack on the city by the rebels which have the mayor and residents some uneasiness has night, nothing out of the ordinary has occurred at the capital this morning. The students are said to have planned political demonstrations and parades which have been taken by the government.

The police guards on the streets have been increased and a reserve force is held in readiness for any emergency.

The officers of the War Department decline to comment on any action to be taken toward General Navarro as a result of his surrender of Juarez, but it is said the behavior of the federal forces did not meet the approval of his superiors. It is reported here that he will be tried by court-martial for the surrender of Juarez and that the court will sit at Chihuahua within a few days.

Notwithstanding the peace and consular reports from El Paso regarding the defense of the city appeared to indicate that the federal commander had made a heroic stand, the fact that he displayed the white flag is apparently in good fighting condition is widely commented upon as remarkable.

It is believed that the evidence to be developed by the court-martial may vindicate him as it is understood here that a portion of his command fought two days without food or drink, and some reports have it that Navarro handed his sword to Col. Garibaldi only when the suffering of his men moved him to do so. He could no longer endure the sight, hardened campaigner though he is.

Railroad communication is maintained through Laredo and to Tampico, Vera Cruz, and points on the isthmus of Tehuantepec. It is interrupted between Pueblo and Oaxaca, on the Mexico Southern Railway, the line having been cut by rebels at Tephuacan.

Peace at Tijuana; Americans Cease Looting the Stores

TIJUANA, Lower California, May 12.—General Frye and his army of rebels show no signs of any movement to Ensenada. From indications here today the army may not march for a month or more. Business conditions are gradually becoming normal and the looting of stores by American tourists has ceased. The attitude of the customs officers at the line is particularly responsible for suppression of the looting. Scouting parties are out to the south today, but so far no alarming reports have been received.

Federals Try to Reach Hermosillo; Rebels Bar Way

NOGALES, Sonora, Mex., May 12.—Colonel Reynaldo Diaz, with the force of 500 Mexican federals that evacuated Agua Prieta early yesterday, arrived last night at Magdalena without having encountered resistance. It continued on south today, with the intention of repairing the burned bridges along the line of the Sonora railroad and attempting to reach Hermosillo. Large forces of rebels are between Magdalena and the capital and news of a battle is expected hourly.

Colonel Diaz arrived at Magdalena he learned that a band of sixty insurgents had held up the Southern Pacific northbound train for Nogales at Santa Ana, 65 miles south of Nogales, and that it had burned a bridge between Magdalena and Santa Ana to prevent his retreat southward.

The federal train proceeded on toward Hermosillo very slowly and will attempt to repair the railroad. It is expected that the progress of this train will be attended by much fighting.

There is a general concentration of rebel bands along the line of the Sonora railroad between Magdalena and Hermosillo, their probable objective point being Hermosillo.

It is scarcely likely that they will permit Diaz to reach Hermosillo without a battle and the federals will be greatly outnumbered.

Soldiers Ordered Rushed to San Diego From Fort Logan

DENVER, May 12.—Rush orders were received at Fort Logan today to send forty soldiers to San Diego, Cal. They will leave tomorrow. Twenty-five other recruits have been sent to the Mexican border within the last three days.

Rebel Troops to Take Control of the Naco Garrison

NACO, Sonora, Mexico, May 12.—Rebel troops are expected to arrive late today to garrison Naco, which was abandoned as a port of entry by the Mexican government on Wednesday. All the government and customs records have been transferred to Naco. No important bridges have been burned and the wires have been cut between this town and Cananea.

Naco is almost entirely deserted, most

of the population having crossed to the American side. Before leaving here the federal officials said that all available troops in Sonora were being hurried to Hermosillo, the capital, which is in danger of an early attack.

Fever Adds Its Horror to the War Raging in Mexico

JUAREZ, Mexico, May 12.—Six cases of typhus have been discovered in the hospital hitherto used by the federal government for its sick and wounded soldiers. One man died yesterday of the disease. The five other patients have been removed to another part of the town and quarantined. There also are two cases of typhoid fever in the hospital.

Americans returning by automobile from Chihuahua report that General Rago with about 300 federal soldiers is at Terrazas, about 200 miles south of here, awaiting orders. An insurgent force of about 250 men left here to meet him should he advance.

2000 Rebels Take Up Their March on Hermosillo

CANANEA, Sonora, Mex., May 12.—Without even having demanded the surrender of Cananea, Juan Cabral moved southward today with the combined forces of rebels that have been operating in this vicinity, numbering about 2000 men. His destination is believed to be Hermosillo. There is a general movement of insurgent troops against the capital, it being the apparent determination of Chihuahua rebels to assault and capture Hermosillo, after which Cananea and the smaller towns will fall into their hands without offering great resistance.

The rebels have burned four bridges between Cananea and Naco, stopping all traffic over the Southern Pacific line. All bullion from the Cananea Consolidated Copper Company is shipped over this line, which similarly transports all supplies for the camp.

The garrison here numbers 750 men.

BAKERSFIELD BANK IS CLOSED

Examiner Dobbs Officially Stops Business of Kern Valley Institution.

Depreciation in Bonds Blamed; Heads Promise to Pay in Full.

SAN FRANCISCO, May 12.—The Kern Valley Bank of Bakersfield was closed today by order of State Superintendent of Banks R. Williams, and placed in the hands of Bank Examiner Ralph Dobbs.

The immediate cause of the closing of the bank, according to Superintendent Williams, was the holding of a large block of the Sunstar Road Oil Company's bonds. These bonds, amounting to \$450,000, had been held by the bank for some time and a mortgage given at the time of their issuance is now being foreclosed. Upon the result of their sale will depend the amount which can be paid to the depositors of the bank, it was stated. According to the statement rendered by the officials of the bank to the superintendent of banks on May 2, the assets and liabilities were given at \$1,084,550, capital stock at \$100,000, surplus \$60,000, with undivided profits of \$65,000.

CLOSING DOORS.

BAKERSFIELD, May 12.—At 11:35 o'clock this morning Bank Examiner R. E. Dobbs, acting under orders of State Superintendent of Banks W. R. Williams, closed the doors of the Kern Valley Bank in this city. Within a few minutes large numbers of people had congregated about the bank and through the day there were many anxious inquiries as to the probability of business being resumed and of the ability of the institution to satisfy its depositors.

In round numbers the deposits of the bank amount to \$800,000 and both Bank Examiner Dobbs and the superintendent of banks declare that they will be paid in full. The bank has good securities to the amount of \$600,000 and holds Sunset Road Oil Company bonds whose par value is \$450,000. The capital is \$100,000, reserve and undivided dividends \$125,000.

BONDS DEPRECIATE.

It is given out that the immediate cause for the closing of the bank is the depreciation in value of the Sunset Road Oil Company bonds. These bonds were issued several years ago and the bank became an investor to the amount of \$450,000. Bank Commissioner Anderson, during his term, forced the directors to add to this security, but recently a suit was instituted by John Baker, Jr., and others to foreclose on the property of the Sunset Road Oil Company because of the non-payment of interest on the bonds, and this suit, it is said, has greatly depreciated the value of the bonds.

PIONEER INSTITUTION.

The Kern Valley Bank is the pioneer banking institution of Bakersfield, it having been established in 1874. Its officials and directors are: Philo J. Jewett, president; S. W. Jewett, vice-president; Ronald McDonald, cashier; E. W. Price, secretary and assistant cashier. Mrs. L. J. Carver is the fifth director. The bank examiner is quoted as saying that the reserve is far below the 20 per cent required by law. He declared, however, that it is the opinion of the State officials that the depositors will be paid dollar for dollar.

Ronald McDonald, the cashier, and who has guided the destinies of the bank for the past ten years, is in San Francisco and no other official is in close touch with the business. McDonald's absence is said to be due to the fact that his sister is very ill in that city.

NEW ADMISSION BILL PROPOSED

Would Admit Arizona on the Condition of Voting Amendment.

WASHINGTON, May 12.—A revised bill for the admission of Arizona and New Mexico as states was presented to the House today by Congressman Flood of the committee on territories. As anticipated, the new bill provides that New Mexico shall be admitted immediately on condition that the people shall vote on amendment to their constitution making that instrument easier of amendment in the future.

Arizona likewise is to be admitted at once providing the people shall vote on a proposition to strike out of the constitution the recall of judges. The bill is to be called up Tuesday and three days will be allowed for debate.

TENTATIVE AGREEMENT REACHED IN STRIKE

PITTSBURGH, May 12.—As the result of a conference between General Superintendent R. E. O'Donnell of the Western Pennsylvania division of the railroad and representatives of the striking shophmen, it was reported unofficially today that a tentative basis of settlement had been arranged on which the strikers are to vote. It was stated that another conference will be held next week, when it is believed the results of the ballot will be reported to the company.

DELEGATES NAMED TO CONSIDER HIGHWAY

FRESNO, May 12.—Delegates representing several counties were present at a meeting at which a committee was appointed to assist an advisory board appointed by the governor to determine the route of the proposed \$25,000,000 highway. Assemblyman Chandler announced that he had recommended W. H. Shafer of Selma to Governor Johnson as a member of the advisory board. President Wylie M. Griffith of the Fresno county chamber of commerce, presided at the meeting.

OFFERS TO PLEAD GUILTY TO CHARGE

Man Jailed in Connection With Lynching Must Face Trial.

NEWARK, O., May 12.—"Art" Dover, in jail here awaiting trial in connection with the lynching of Carl Etherington, a "dry" detective, last July, came into court today and offered to plead guilty to manslaughter. Prosecutor Smythe explained to the court that Dover was the man who made a speech on the night of the lynching in which he urged the crowd to avenge the death of a "brother Eagle." Judge Nicholas canceled Dover's plea of guilty to manslaughter and set his trial for May 23.

Quincy Sutley, aged 23, and Earl Seary, aged 19, pleaded guilty to charges of manslaughter in connection with the lynching and were given indeterminate sentences in the reformatory.

COMMITTEE NAMED FOR MEMORIAL DAY

SAN FRANCISCO, May 12.—The committee named by Mayor P. H. McCarthy for the Memorial Day services chairman and colonel, and John H. Roberts secretary. It has also been decided to hold all meetings in the future at the chambers of the Police Commissioners on Wednesday afternoons at 3 o'clock.

Rev. J. P. McQuaid, one of the Spanish War Veterans, has been invited to deliver the memorial address.

SHORTAGE CAUSES SUSPENSION OF BANK

WOONSOCKET, R. I., May 12.—The People's Savings bank of this city suspended the payment of money to depositors today by order of the bank commissioner. It is expected that in ten days depositors can withdraw their accounts if they desire by applying to the Woonsocket Institution for Savings, with which the People's bank is to be consolidated. An alleged shortage of \$25,000 in the accounts of H. Besette, teller of the bank, caused the suspension.

COMMISSIONERS BESIEGED BY PATRONAGE SEEKERS

First Taste of Official Life Under Charter Comes When Campaign Favors Are Recalled

The four commissioners-elect who are to compose the members of the council for the government of this city are now being importuned by a host of admirers, who seek office from them for services alleged to have been rendered during the late campaign. As a consequence there is none of the chosen ones who do not feel that the first pang of official life have begun to make them miserable. This importuning cannot be prevented by the statement on the part of the officials-elect that heretofore the positions in the gift of the municipality are to be determined by a civil service board which is to be appointed by the mayor; regardless also of the fact that the charter is explicit, and especially so in the statement in section 80, "That persons employed by the city, and persons employed in the city engineer's office on September 1, 1910, may retain their employment under the city, subject to classification and re-classification by the civil service board without further examination; unless removed for cause or unless it shall be determined by the civil service board that their employment by the city is unnecessary."

FIND COMFORT.

The applicants, however, find comfort in the fact that the charter, at the same time, makes numerous exceptions to the application of civil service rules in many of the offices, among them being those of the chief officials, viz.: the city attorney, the treasurer who is ex-officio tax collector, the city clerk, the city engineer, the city commissioner of public affairs, the fire department, the street superintendent, the health officer and the superintendent of the electrical department, as also the building inspector, the city wharfinger, the license inspector, the bacteriologist, the city chemist, the sanitary inspector, the market and food inspector, the plumbing inspector, the mayor's secretary and the assistant city attorneys, "and such other officers and employees of the city not included in either the police or fire department, as may be excepted from the operation of the civil service rules upon the recommendation of the council, approved by the civil service board."

AT FIRST MEETING.

As the charter goes into effect July 1 at 11 a. m., the time for the holding of the first meeting of the council, the changes contemplated will most likely be decided upon before that gathering and announced there as one of the first acts of that body.

There are some who assert that the changes, even at that time, would oppose the charter because, as they view the matter, the moment the council organizes the employees of the city who are not specifically exempted by the organic law become subject to the operation of the civil service rules.

On the other hand, it is contended that such is not the case, on the ground that the employees of the city do not come under the jurisdiction of the civil service board until that body has classified "all places of employment now existing under the departments of public affairs, revenue and finance, public health and safety, public works, streets and in the office of the auditor." They contend that it is not likely that that body will perform that classification at the first meeting of its organization, even if it should be appointed on the first of July as the charter allows the mayor sixty days after

taking his office in which to appoint the civil service board consisting of three members, one of whom is to serve until July 1, 1931, another until July 1, 1932, and the third until July 1, 1937. In the month of July, 1931, and every two years subsequently one members of this board shall be appointed for a term of six years.

WILL ENFORCE RULES.

There is no doubt that when the city government gets well under way that civil service rules will be enforced for the reason that Mayor Mott on the stump has everywhere preached adherence to the requirements of the charter and on nothing was he more insistent than on the rule that hereafter civil service should be enforced.

It is not expected that there will be many radical changes, at least in the more important offices, for the reason that the present incumbents have not shown ability in the discharge of their duties, but also devotion to their work. Most of them are personal and political friends of the majority of the council and the general impression is that they will be reappointed.

The mayor already has received a number of applications for positions on that body but has not as yet paid any attention to the matter. The members of this body are to be paid \$10 for each meeting attended, not to exceed four meetings in a month.

MAY KEEP PLACE.

He also appoints a certified public accountant and there is a well-grounded belief that the incumbent, L. G. Jordan, who has filled the position for a number of years, will be retained in the place.

The city attorney is to be appointed by the council and as the incumbent, B. P. Woolson, has been a part of the Mott administration and in sympathy with the candidacy of a majority of the commissioners-elect, it is most likely that he will be chosen to succeed himself. At all events at this time so far as known no other aspirant has made application for the place.

MAY NOT FAVOR CHANGE.

The commissioner of the department of finance has the appointment of the treasurer and tax collector. Ed. Meese has been elected, it is believed the dual position would have fallen to William Fitzmaurice, who has long been a capable deputy in the treasurer's office. There is some speculation indulged in as to what might take place in the event that Harry S. Anderson should be assigned to that department. It is known by his friends that he will not favor a radical change in the place, but it is stated that he might desire to have a close personal and political friend for the principal position in his gift.

In the event that Fred C. Turner should be assigned to the department of public works, his appointment of city engineer, which is within his gift, would favor Deputy Brown, who has been engaged with him for so many years in the improvements which have been made, of a public character, in this city.

If Forrest should get the position of commissioner of health and safety, for the reasons mentioned in the foregoing regarding the community of friendliness between the commissioner and the present administration, it is believed there would be no change made in the chief of the fire, police or the electrical departments of the city.

TITLE CHANGES.

The title of the superintendent of police will be changed to that of chief, that of inspectors to that of captain and that of detectives to inspectors. The present heads of these departments, Wilson, of the police; Ball, of the fire department; and Babcock, in charge of the electrical department, will, it is believed, be retained in their present positions.

MEETING HELD IN INTEREST OF BONDS.

A mass meeting in the interest of issuing bonds for public schools and a municipal auditorium, was held in the Melrose High School last night. Kenneth A. Millican was the principal speaker of the evening and presented facts showing that the immense growth of Oakland, and especially the Melrose and annexed districts, has created the immediate demand for improved school facilities.

WAS SMALL FIRE.
Fire in the rear of the premises at 1165 Sixth avenue called out the fire department shortly after noon today. The damage was slight.
The blaze was caused by the overheating of a kitchen range.

VOTE CANVASS TO BE MADE TONIGHT

Meeting of Winning Candidates Is Scheduled for an Early Date.

Canvass of the vote cast Tuesday night will be the order of business at a session of the city council tonight, at which the roll call of the new city administration to take office July 1 will be officially announced. It is not thought that there will be any material change in the figures as announced in THE TRIBUNE.

Following the announcement of the new council, a meeting of the winning candidates will be held either this week or early next week, at which plans will be made for getting work under way when the new charter goes into effect. A considerable work is to be done before the new council actually assumes office, and this has been complicated by the defeat of one member of the administration, or progressive ticket.

There is much speculation in political circles as to the assignment of the councilmen to the four commissions, which is scheduled for the first order of business after the meeting of the new council has been decided upon. Two commissioners are to serve for two, and two for four years, and these assignments are to be made by lot.

Each member of the new council, with the exception of the mayor, who is assigned to the department of public affairs, is to be assigned by majority vote of the council to one of the four departments within the first ten days of July.

It is probable that Councilman William J. Bacus will be assigned to the commission of streets, as he is fitted for the place by long years of experience as chairman of the council-street committee. He is the only member of the new council to whom speculation assigns a department with any great assurance.

City Treasurer Edwin Meese would have been unhesitatingly assigned to the department of finance and revenue, and with City Engineer Frederick C. Turner filling the commission of public works, the department of public health and safety was left to John Forrest. There has now been some question of the propriety of making a union man head of the department of public health and safety, where he would have direct jurisdiction of the police department, not because Forrest is personally thought to be partial either to labor or capital, but because such an assignment might be the subject of adverse criticism.

The suggestion has been made that City Engineer Turner, who, through his long experience as a member of the board of police and fire commissioners is familiar with the workings of this department, and who is recognized as a man not affiliated with any class that would make him objectionable to another section of the citizens, will be asked to assume the headship of the department of public health and safety. This would leave Forrest and Harry Anderson to be assigned to the two remaining departments, finance and revenue, and public works. The place either man would take is a matter of doubt.

Members of the new city government refuse to discuss the possibility of changes in the various appointive offices in the city, but it is rumored that there will be few material changes except in the readjustment to the new conditions created by the charter. The new appointments must be confirmed by the council and this will operate as a check upon the various commissioners having a free hand in their departments.

PROPOSED AUDITORIUM RECEIVES SUPPORT OF OAKLAND BOOSTERS

TWO AUDITORIUMS THAT HAVE MADE CONVENTION CITIES OF THE MUNICIPALITIES IN WHICH THEY ARE LOCATED.

COLLISUM AT DES MOINES

Success in Other Cities Is Pointed Out to Voters

The movement for an auditorium for Oakland is assuming large proportions as the people of the city are made more fully acquainted with the success of similar buildings in other places. The Progress and Prosperity Committee of the Chamber of Commerce has taken up the matter of boosting for the proposed auditorium, and meetings under this committee's auspices are being held all over the city from now until May 16, when the project for bonds will be submitted to the voters.

This committee has also been looking into the conditions existing in other cities of the country where, within the past few years, such buildings have been put up. Among these cities are St. Paul, Des Moines, Ia.; Lincoln, Neb., and Denver, Colo. By investigation in each of these cities it has been found that an auditorium such as projected for Oakland has proven not only financially successful on its own account, but has resulted in benefiting the city as a whole.

916,000 ATTEND.

For example, it is claimed that St. Paul, which city opened her auditorium in 1908, in three years had 916,000 people in attendance at 516 entertainments, conventions and exhibits.

Denver opened her municipal auditorium in July, 1908, and in six months had a total attendance of more than 500,000. Lincoln, Nebraska, a town in the 50,000 population class, conducts an auditorium principally for the purpose of providing a suitable meeting place for conventions. The other uses are regarded as incidental and yet last year there was a profit shown above all costs and charges.

Such municipal auditoriums, as that planned for Oakland, it is claimed, put the cities owning them on the map. They at once become centers of attraction for travelers. They provide accommodations for large gatherings of people who come together with a common interest from all parts of the land. These people go back from their convention visit impressed with the civic spirit and enterprise of the community. The municipal auditorium has proven itself the best advertisement a city can procure. Such is the opinion of the cities owning such buildings.

HAS MADE GOOD.

The municipal auditorium arranged to provide for great conventions, grand opera, concerts, theatrical performances, lectures, or horse shows, or mass meetings as the occasion requires, has been tried out, and it has made good, according to the verdict of the citizens of the most progressive cities of the United States.

The amount of money specified in the proposed bonds for the erection of the building for Oakland is \$500,000, upon which there is an annual tax of 4 1/2% interest, or \$23,500, in addition to the payment each year of one-fourth of the total bond issue, or \$12,500. Each year this amount is reduced, and it is estimated that the total cost of the auditorium to the tax-payers would be ten

cents on each \$1000 yearly for forty years.

On the credit side of the account, the advocates of the auditorium claim that there are to be reckoned the benefits of having the opportunity to hear the finest music, see the greatest actors and listen to the most renowned lecturers for a small price. The ten cents per year tax upon each thousand dollars' worth of property provides something that makes the tax-payers' property more desirable and worth more money. This increase in the value of each thousand dollars' worth of property is certainly more than ten cents, it is claimed. If it is more than ten cents the tax-payer has made a profitable investment by voting the auditorium bond.

BUSINESS PROPOSITION.

The workers for the project further assert that the issue of auditorium bonds is a business proposition for which the city gets returns in the property value improvements always bring, and declare that with Oakland's exceptional natural advantages of climate and location, a fine auditorium here will bring many conventions which will result in financial gain to the citizens. These men have also circulated a petition asking for signatures of prominent business houses in favor of the bond issue, and have already received several hundred commendations of the project.

PATIENT DENOUNCES

HOT WATER "CURE"

POUGHKEEPSIE, N. Y., May 12.—William Cavert of Albany appeared before Judge Hasbrouck in a habeas corpus proceeding brought to secure Cavert's release from the Hudson River State Hospital. He told the court that patients were cruelly treated by being forced to stay in tubs of hot water.

"One man was kept in hot water for a month," said Cavert. "He was forced to sit there all day long with the water covered by a canvas fastened around his neck. Furthermore, he was forced to eat his meals while sitting in the tub of hot water."

Dr. W. E. Merriam of the hospital staff said Cavert's statement was true and explained that the water was heated to 90 degrees, being used as a new and successful cure for excitable patients.

The doctor said it would be dangerous to allow Cavert at large. Justice Hasbrouck reserved decision.

---a new way to sell real estate

An entirely new plan for the sale of Real Estate has been adopted in connection with our new tract.

Instead of sending our clients out tomorrow and Sunday with a salesman, we suggest that they visit the property alone and pick out the lot that suits them without the influence of any one but their own selves.

In order to make this plan possible we have placed a stake on each lot with a card containing a complete description of the lot, including size, price and terms.

By this plan anyone can take the Mills College car line at Twelfth and Broadway, get off at the Fremont Tract, walk all over the property and when they find a lot that pleases them they can tear off the card and bring it in to us and say: "I'll take this lot."

In looking the lots over you can have any questions answered by stepping into the tract office, where an authorized representative of The Realty Syndicate will be stationed.

Of course, we will be pleased to send salesmen along with anyone who wishes it, but as

there are so many folks who prefer to go alone we have provided the above plan to accommodate them. Automobiles will be at your service if you prefer to use them rather than the cars.

JUST ONE THING MORE.

We wish to again emphasize the importance of Hopkins street, which runs right through the Fremont Tract. As you know, the Foothill boulevard begins at Fruitvale. This boulevard will ultimately be extended on through to Lake Merritt and Hopkins street will be the boulevard.

In other words, the Fremont Tract will be right on the boulevard.

If you will investigate all of the advantages of this property and consider them carefully you will find that we are offering small investors the best opportunity to make money that has been advertised in the local papers for some time.

Go out tomorrow and see for yourself.

Three people out of five will come back with one of the little cards and say: "I'll take this lot."

National Board report gives full detail regarding the high pressure system, and in conclusion states that with capacity increased, as recommended by their engineers, the system will

largely offset the weakness of the domestic system. "Engineer Rowley calls attention to the fact that if standard shutters or wire glass in metal frames had been

placed on the King building, the operation of one engine in protecting this building would have been effective, and the destruction of a large part of it would, in all probability, have been avoided. This shows the necessity of strict adherence to building ordinances, and if there is no ordinance covering this point, one should be adopted.

CHARGE PROPOSED TREATY IS DANGER

Farmers Declare Reciprocity Will Mean Loss of \$40,-000,000 Annually.

WASHINGTON, May 12. — Canadian reciprocity would cost the farmers of the northwest \$40,000,000 annually, according to A. H. Wilkinson, a Minnesota farmer, who addressed the Senate finance committee today. The price of United States farm products would shrink that much, he declared. A vital grievance of the farmers, the speaker said, was that they were not consulted as to how they could be affected by the proposed reciprocity.

"Do you believe that a trade agreement would have been entered into, that would have injured the steel trust or the shoe industry \$40,000,000 without having consulted them?"

To prove the opposition of the farmers of the Northwest to reciprocity Wilkinson invited Senators who favored reciprocity to visit that section.

Build the Auditorium.

A public auditorium of the dimensions and class of the one it is proposed to erect in Oakland is an institution that confers a common benefit on all the inhabitants of a city. It is in the nature of a common enterprise which inures to the general profit of a community as a whole and to each individual whatever his business or station may be. The financial return is direct and specific, in addition to the many indirect advantages which accrue. This has been practically demonstrated at Denver and at Houston, Texas.

An auditorium adapted to the use of all classes of assemblies attracts attention all over the country. It advertises the town and invites examination of other features of local communal life. The gatherings it attracts patronize hotels, restaurants, theaters and stores and leave money in every channel of local trade, diffusing through the entire community in a way that touches every interest and avocation. It draws crowds from far and near to make business for all classes of purveyors. While here the visitors look over the city, become acquainted with its commercial and climatic advantages. Investment follows and so the owners of real property are directly benefited. The people who are induced by the auditorium to come among us spend their money here and learn by personal observation what the conditions are in this community. We thus gain a publicity that we are spending money to gain in other ways, and obtain it under conditions which inure to present and future profit.

During the exposition period all sorts of conventions will be held on the Pacific Coast, with the double object of seeing the fair and attending to the business in hand. If Oakland be provided with an auditorium commensurate to the needs of these assemblages, a succession of conventions will be held in this city. The town will be filled with visitors drawn from every part of the country, to the direct benefit of the hotels, apartment houses, restaurants, theaters, etc. The exposition grounds in San Francisco will be within such easy reach that it will be fully as convenient and economical for visitors to stay in Oakland as across the bay. An auditorium will decide the matter in favor of Oakland in thousands of instances.

San Francisco has no auditorium adequate to convention needs. This presents Oakland with an opportunity which should not be neglected. By erecting an auditorium Oakland will greatly assist in making the fair a success and at the same time do an enormous stroke of business on her own account. We will get a large share of the transient business brought by the exposition and permanently establish this city as a place for holding conventions.

By the time the auditorium can be erected the city will be amply provided with hotel facilities. The Bankers' and Claremont hotels will be completed, along with minor hotels and many apartment houses, so Oakland will be in a position to comfortably house thousands of visitors at a time. The auditorium will bring these visitors here, hence the cost of building it will be speedily returned. By all means the auditorium bonds should carry. They will provide so large and so sure a public benefit that it would be folly to oppose them. The auditorium will be an investment worth many times the money it will cost, and therefore merits the support of every enterprising citizen whose vision is not contracted by narrow conceptions and personal prejudices.

Vote for the auditorium bonds.

A small group of Republican Senators under the leadership of La Follette have undertaken to dictate to the majority. A baker's dozen have decided that forty should give way to their wishes. It is a case of the tail insisting that it has a right to wag the dog. La Follette and his colleagues refuse to abide by the action of the Republican caucus in the matter of electing a president pro tempore of the Senate. Concretely the issue is not a large one, but collaterally it involves the stability of party organization, the coherency of party action and the right of the majority to rule. La Follette and his fellow malcontents deny the right of the majority of the Republican Senators to rule the party organization in the Senate, and in doing so deny the right of the Republican majority to control Senatorial action. They are contending for political anarchy. Apparently the La Follette contingent would rather give the Democrats control of the Senate than allow the Republican majority to control it.

It looks as if the San Francisco Grand Jury had started in to play politics with intent to influence the municipal election, which will take place next November. If so, the game is not likely to prove successful. Doing politics with grand juries has become rather too common in this State, and the practice has not improved, the administration of law nor tended to elevate politics. Nothing could be more vicious than using a grand jury as a political machine.

Woodrow Wilson disclaims all political purpose in visiting the Pacific Coast at this time. He may be sincere in this declaration, but it is impossible for the New Jersey Governor to divest himself of his political character. He stands in the public eye as a candidate for the Presidency. His friends in the east are organizing a campaign in his behalf and the newspapers all over the country are discussing his candidacy. Moreover, Governor Wilson has been traveling about a good deal—always making speeches having a political tinge—since his translation from the presidency of Princeton to the executive chair in Trenton. The professor-politician is a candidate for President and everybody knows it. That is why he is such an object of curiosity to the public. His measure as Presidential possibility is taken wherever he goes, and it is with that idea in mind that his intellectual capacity is being gauged wherever he goes regardless of what he talks about. He may disclaim politics as much as he pleases, but it is Woodrow Wilson, the candidate for President, that the people want to see and hear. It is his political status that excites interest. He may talk about campus ethics, the dog law, old boots or even Bill Bryan's championship of the Bible, but he polloi only sees a candidate in view and hears a voice appealing for votes.

MILLIONAIRE COLLECTORS

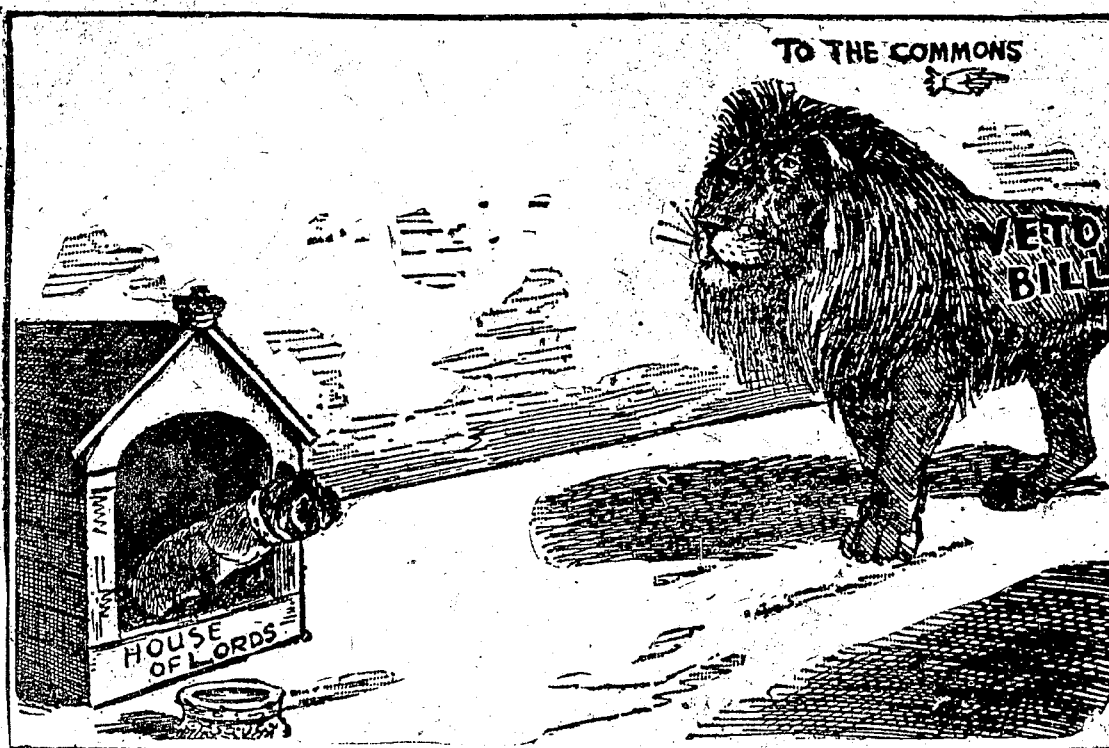

Even dealers in rare books are shocked at many of the high prices paid at the Hoe library sale. It is not in their nature to protest, for they have goods to sell. Nevertheless, they speak respectfully of the ignorance of wealthy collectors who know nothing about market values and bid without limit in indulging their weakness for rare editions. The old book craze is taking as violent a form as the tulip craze in Holland in the seventeenth century, when a single specimen of a certain bulb sold for as much as \$5000 and respectable merchants speculated in bulbs that did not exist. The \$50,000 paid for a fine copy of the library.

Yet it is probably not an excessive price Gutenberg Bible would stock a Carnegie library. Yet it is not an excessive price, for the two volumes hold a unique place

in the history of printing and no other copy is likely to be available for private ownership. But when a small volume of Bryan's juvenile verse, written at the age of thirteen, sells for one hundred and forty times what Mr. Hoe paid for it some years ago, what have prices to do with values?

The day of the small and industrious collector who was able for half a dollar to pick up now and then on the book-stalls some rare volume of real value because of his personal knowledge of books and editions is passed. The street-railway magnates and bankers and capitalists of industry with their millions have ruined the hobby as a poor man's pastime. Money has displaced knowledge in the game, and loving connoisseurship must make room for unlimited extravagance.—New York World.

A SERIOUS QUESTION

"Shall I let him pass?"

—Westminster Gazette (London).

NEWS FROM THE FAR EAST

A scheme is on foot to establish a free public library in Kuala Lumpur, Federated Malay States, for all races. It is hoped to raise \$150,000 to cover all cost, including a handsome building on a site granted by government. The scheme has received approval in high circles.

An importing firm at Canton has had an interview with the salt comptroller, H. E. Tsaiang, and presented a sample package of salt from 10,000 tons which it proposed to import into Canton from America for sale. H. E. Tsaiang said that importation of foreign salt into China was not permitted by treaty.

Returns issued by a Japanese tea exporting company in Yokohama show that the shipments of tea from Japan to Canada and the United States from May 1, 1910, to February 28, this year, amounted to 37,955,979 pounds, an increase of 2,120,012 pounds over the corresponding period of the preceding year.

The Belgian Consul at Batavia reports that a European, representing a group of capitalists, has applied to the government of the Netherlands East In-

dies for a concession for the construction and working of electric tramways in Batavia. It is estimated that four years will be required to carry out the work.

The German Consul at Batavia states that the total production of coffee in Java this year under state control is estimated at 24,887 piculs, while the figures for 1910, 1909 and 1908 were 31,817 piculs, 32,277 piculs and 33,190 piculs respectively. It will thus be seen that the estimate of the forthcoming crop are considerably below the results of the crops for 1910 and 1909, and greatly below those for 1908.

An enterprising Bangkok business man is getting machinery from Europe to start making pineapple preserves. It is said that pineapples in Siam are far superior to those grown in any part of the Straits Settlements, where the canning industry is carried on very profitably. There is also talk of another industry being started at Bangkok and it is likely that platy fish preserved in oil will become a profitable article of commerce as sardines.

PASSING OF SERVANT GIRL

Herman Robinson, New York's commissioner of licenses, is the latest rash man to tell how the domestic servant problem may be solved. Things might improve, he thinks, if employers put such servants "on the same footing as working women in other walks of life"; if they would make their status "more like that of employees in stores and offices, with definitely understood hours of labor."

Such a reform has been attempted in Chicago with results variously estimated. So far as New York is concerned, an economic factor is doing more for it than any amount of preaching. Mr. Robinson notes the increasing number of women who work out by the day and return to their own homes at night. With high rentals constantly driving families to take flats with fewer rooms, there is often, fortunately for her, no place for the

servant to sleep under her employer's roof.

Obviously, the home-living servant has more freedom of action and a pleasanter and healthier life, if often a harder one, than the inmate with her telling confinement within doors and her occasional "afternoon out." Upon the old lines the servant question never will be solved. It is against public policy that it should be solved. To solve it would require permanence of relation, and would doom a very large number of young women to a homeless and celibate life, which is scarcely in the general interest.

In old-fashioned rural America the house servant was a neighbor's daughter and a social equal, in effect serving an apprenticeship in home making for a future home of her own. We have come a long way from that condition. Probably we must go further or fare worse.—New York World.

OPPORTUNITY ON THE FARM

A rich opportunity awaits young men who will apply intelligence to the cultivation of the soil, says James J. Hill. This suggestion is not new; perhaps it needs emphasizing.

Americans have not begun to get out of the soil all that is possible. A tremendously rich soil has yielded vast harvests with little effort, and heretofore the tendency has been toward extravagance and waste.

Intensive farming is a recent theory. It is true, as the great railroad man says, that a man is more certain of success on the farm in proportion to the ability and industry employed than in any other line.

That sounds very well, but he who would take Mr. Hill's advice ought not to underestimate the amount of ability and industry which must be applied to agriculture in order to make the farm pay.

Being employed eight or ten or twelve hours a day does not necessarily mean an expenditure of ability and industry. Many men are employed who, if they had ability and industry, would make a success of their present work, and who, under precisely the same conditions they now enjoy, would not be any more successful on a farm.

Ability must be practical and industry must be something more than mere motion in order that both shall count on the farm.—Philadelphia Times.

SKY IS NOT THE LIMIT

A building which is to pay its way must have two things—plenty of floor space and facilities for reaching it quickly and comfortably. The expert begins by allotting one person to every 100 square feet of rentable area, and that gives him the number of people that must be provided for. Every building is a law unto itself, but an analysis of fifteen downtown buildings shows that the average number of square feet served by each elevator car is 16,000. (Ten years ago, when quick service was not required, it was nearer 40,000.) If we leave out the tower buildings, the average for each car might be placed at 19,000 square feet. The higher the car

must climb and the greater the number of stops, the longer the time required for its round-trip, of course—and hence the smaller number of square feet of floor area that it can serve. The taller the building, therefore, the greater the number of cars for the same amount of floor area. Every car added to the "battery" means the subtraction of about 56 square feet per floor of rentable space. Continue this process of decreasing rental area and increasing elevator space in mathematical proportion as your building climbs, and ultimately the elevator will require every available square foot, and there will be none left for offices.—World's Work.

Could Not Qualify

Among the stories that are constantly coming to town of "road" experiences is one that reached the Havlin office the other day. A circus had gone to pot in a small Western town. One of the "razor backs" started out to tramp to a better land.

"By and by he came to a small town," said John Havlin, "and found a couple of men shoveling coal into a wagon from a car on the railroad siding."

"Gimme a job?" he asked. "What you been doing?" asked the man who was bossing the job. "Drivin' stakes wiv a circus." "Nothing doing," said the boss. "I never seen one of you actors yet that could shovel coal."—Cincinnati Times-Star.

THE TABLOID LIFE

To what extent can household life be compressed, telescoped, tabloided? To almost any extent, replies an enterprising citizen of Gary, Ind., and lays himself out to prove it. In a single room of moderate dimensions he has found a way not only to lodge himself but to carry on at the same time a boarding house, a livery stable, a poultry yard, a fruit business and an ice cream factory. With all this he finds room to "swing a cat" or two and a dog. But his triumphal demonstration of multum in parvo has just been quashed by the local health officers.

Compared with such an achievement, how flat and limited seems life in an ordinary apartment, how lacking in zest and variety. Think of the flat dwellers who feel that they must have a separate place for their business, and by whom, therefore, many agreeable and feasible household industries remain unpracticed. Think of the many squeezed families who find it hard to put up a friend overnight; yet the Gary man took care of three right along. There are, indeed, a very few of the choicer apartment houses that can care for an automobile, but the little home in Gary contrived to domicile a horse and wagon.

Some living rooms in flats can manage a canary or a parrot, but how many, we wonder, could negotiate a couple of chickens? When we consider that the tabloid establishment at Gary not only did all these things, but did them at the same time, and then did a lot of other things on top of them, the wonder grows. And one serious inquiry comes to mind:

If we continue to insist on so much more than we really need, can we expect to compete successfully with the tough and persevering and ingenious newcomer who can get along with so much less?

Save the health department, there seems to be but one defense between us and his final victory. We must raise his "standard of living." Inoculating him with our own desire for the abounding artificialities and superfluities of this latter day.—Chicago Record-Herald.

A Bit of Humor

STRAINING THE KEG.

Every nail keg in the store had its occupant the checker-board was working overtime, and mittens and mufflers were stuffed in busy pockets as their owners drew closer around the big, rusty store.

The door opened noisily, letting in a blast of the storm raging outside, and in its wake followed Rufe Blevins, a giant wood chopper, whose good nature and ready wit made him a welcome addition to the store's clientele.

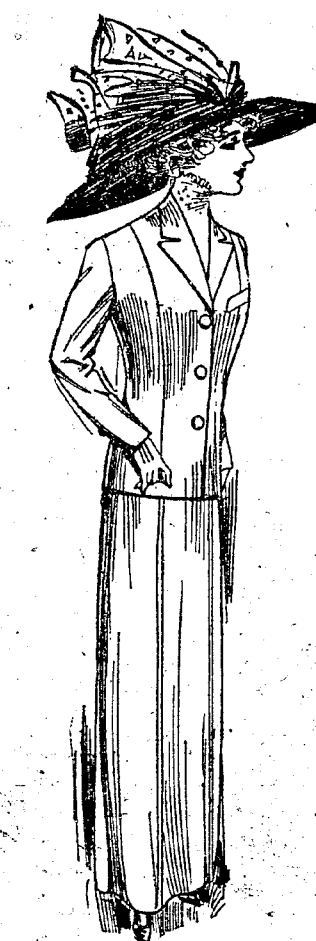

The loafers moved a little closer together to make room for Rufe on a soap box, but he marched past the friendly circle, plumped an empty molasses keg down on the counter, and drew a staid bill from his pocket, which he held out to the proprietor of the store.

An expectant grin went around the circle, for Storekeeper Jones had the reputation of never wronging himself by overweighing or undercharging. The merchant adjusted his glasses and looked expectantly from the bill to the wood-chopper.

"Notice you charged me for five gallons of molasses last time I had this four-gallon keg filled," drawled Rufe. "I don't mind payin' for the extra gallon, Mr. Jones, but I do kinder hate to have a good keg strained to pieces."—Youth's Companion.

MOTHER'S TRIBUTE DAY BOUNTIFUL

Nearly \$40,000 Obtained for
Benefit of Children's
Hospital.

SAN FRANCISCO, May 12.—The returns from Mothers' Tribute Day held yesterday for the benefit of the Children's Hospital of San Francisco, will total nearly \$40,000, according to the estimate given by Henry Payot, although the exact amount realized will not be known for at least two days.

The day was one of the most generous and successful in the history of San Francisco and the women who have managed the campaign are gratified over the result.

Mrs. John R. Merrill and Henry J. McCormick, the latter the head of the Young Men's Christian Association, made a "whirlwind" campaign in an automobile, calling on prominent business men about the city. In this way they collected \$6,000 during the afternoon. Mrs. George Bradley sent in a check for \$1,000. A. B. McCreary sent in a check for the same amount. Anton Borel wrote out a check for \$500 and numerous checks for \$100 came in all afternoon. From the sale of automobile banners \$1500, possibly more, will be realized.

RAILROAD TRAINMEN ENJOY WAGE INCREASE

HARRISBURG, Pa., May 12.—The wages of the trainmen in the United States and Canada have been increased \$37,000,000 in a year, according to the report made to the international convention of the brotherhood of railroad trainmen by W. G. Lee, president of the brotherhood.

This is the first statement to be made of the great wage increase movement in railroad circles over every section of the country.

Yesterday morning's session of the convention was enlivened by a motion to rescind the expulsion of Delegate A. A. Roe of Wichita, Kansas, but it was tabled.

REMEMBERS MEN WHO HELPED HIM TO WEALTH

PHILADELPHIA, May 12.—After giving various Methodist institutions and organizations \$20,000, the will of Francis Magee, a carpet manufacturer of this city, which was probated, remembered many old employees, who, the testator said, "helped him to make his fortune."

Twenty-five per cent of the given amounts from \$100 to \$500, and in addition the testator directed that his executors of the will should give to the employees in the business department and his each of them \$100.

The remainder of the estate, estimated at \$1,000,000, is given to Magee's family.

TELL WHY BOND ISSUE IS OPPOSED

Manufacturers and Producers' Committee Would Protect Home Industry.

At a special meeting of the board of directors of the Chamber of Commerce, together with the members of the progress and prosperity and manufacturers' and producers' committees of the same body, held this morning, the question of the latter committee's opposition to the proposed school and auditorium bonds was discussed at length. Mayor Frank K. Mott was present at the meeting and presented the attitude of the city officials toward the bond issue.

The meeting was called when the manufacturers and producers committee of the Chamber of Commerce announced that it would oppose the granting of the bonds unless the administration could give assurance to the committee and the various manufacturers of Oakland that the manufacturers and workmen of the city should have an equal chance with those of other cities in the state in the proposed new buildings, and also that California materials be used in the buildings wherever possible.

POINT TO CITY HALL.

Some of the city's manufacturers claim that in the construction of the new city hall Oakland producers have not had an equal share with those of the East, and declare that since the people of Oakland, particularly the business men and manufacturers have to bear the chief burden of taxes resulting from the bond issue, they should secure the business benefits. Mayor Mott considered the points of the specifications for the city hall at length for the purpose of convincing the members present that this had been the conduct of the administration in this new building. He further asserted that it had always been the purpose of the city administration to do just what the manufacturers were asking as far as possible, but that where a competition was required for plans or specifications that the city was required to award the contract to the firm putting in the lowest bid, whether it was an Oakland or California concern, or an Eastern one. Whenever it had been possible in the past to stretch a point in favor of Oakland producers, the Mayor declared, that point had been stretched, and the same would be done in the future if the proposed bonds are voted.

PARSONS SPEAKS.

F. D. Parsons, chairman of the executive committee of the manufacturers and producers committee and manager of the Judson Iron Works, was one of the speakers in behalf of the local business men in their threatened opposition to the bonds. He further stated that he had had interviews with officials of the Building Trades Council and the Central Labor Council, and the members of those organizations had stated that they would work solidly against the bonds unless the city officials would put themselves on record as favoring several things, particularly the employment of a local architect on the plans of the new buildings, the construction of the buildings by local contractors and several other things.

Representatives of these organizations were not present at this morning's meeting, and in order to have an expression of opinion from them direct a meeting has been arranged for tomorrow, Saturday, afternoon at 2 o'clock, when Mayor Mott and all the members of the Chamber of Commerce who were present at this morning's meeting will be present.

NEGRO SOLDIERS BEAR HIS BODY

Services Held for the Late Thomas Wentworth Higginson.

CAMBRIDGE, Mass., May 12.—Six colored soldiers of the Sixth Regiment, M. V. C., bore into the ancient First Parish Church of Cambridge, this afternoon, the body of Colonel Thos. Wentworth Higginson, the soldier, reformer and author, whose funeral was attended by a great throng representing the military, civic and literary life of Cambridge and Boston. During the Civil War Colonel Higginson commanded a regiment of negro soldiers.

The services at the church were in charge of the Loyal Legion and were of simple character, there being no eulogy. The body was escorted from Colonel Higginson's late home to the church by Col. T. W. Higginson camp, Sons of Veterans, and by the Loyal Legion.

NOTED PALLBEARERS.

The honorary pall bearers were: President Emeritus Chas. W. Eliot and President A. Lawrence Lowell of Harvard University, former Secretary of the Navy John D. Long, Col. N. P. Hallaway, Rev. Edward Cummings, pastor of the South Congregational Unitarian Church, Boston; Geo. H. Mifflin, Chas. Francis Adams and Dr. Edward Emerson, son of Ralph Waldo Emerson.

The ashes will be buried in Mount Auburn Cemetery, after the body has been cremated.

COMPLEXION LOTION MAKES ROSY CHEEKS

In writing for the Philadelphia Press, Mrs. Marylyn, the famous writer on health and beauty topics, says: "Any woman who desires rosy cheeks does the worst thing imaginable by trying to color them with powder or rouge. Everyone notices that painted look and it is only a question of time when her face will be rough, sallow-looking and beset with large, dirt-collecting pores."

"An inexpensive lotion made by dissolving four ounces of spumina in one-half pint hot water with two teaspoonfuls of glycerine added, is far better than powder or any other complexion beautifier. This lotion does not show like powder and gives the skin a clear, clean, wholesome look that lasts much longer than when powder is used. It removes the shiny, oily, sallow look and leaves the skin smooth, rosy and fresh looking."

ANTI-FREE LUNCH BEFORE COUNCIL

Restaurant Men Ask Committee to Legislate Against It.

"Down with the free lunch!" This is the cry of the restaurant men of Oakland, made when a delegation of them visited the ordinance and judiciary committee of the city council at its meeting last night, and asked that august body to recommend an ordinance making the serving of free lunches in the saloons of the city a misdemeanor.

E. E. Hesse, of the Palace Bakery, and secretary-treasurer of the restaurant men's organization, acted as spokesman for the delegation. They were backed up by the proposed ordinance introduced by Councilman Cobbleick. The latter, however, was not on hand last night to back up his measure.

Hesse informed the committee that

the restaurant men of this city believed the free lunch should be abolished, as it interfered with the restaurant business, and moreover declared that the saloonmen of Oakland almost to a man are in favor of its abolition.

They only persist in the practice because as yet they have all failed to come together on the project, and it was Hesse's contention that the only way to relieve the situation distasteful to both restaurant and saloonmen was to pass an ordinance forbidding the practice.

The various members of the committee then discussed the matter at length and heatedly. Councilman Shielvater thought it was a good law if the restaurant men and saloonmen favored it. Councilman Stachler opposed it. The committee could reach no decision in the matter, so referred the matter to the city council as a whole, without recommendation.

FRONT OF STORE WRECKED BY AUTO

Machine Crashes Into a Milk Wagon; Occupants Shaken Up.

SAN FRANCISCO, May 12.—A hundred gallons of milk was spilled at the main corner of automobile row, the entire front of the store of the Diamond Tire Company was wrecked and two men and a woman were shaken up in a rear-end collision between a powerful touring car and the wagon of William Wahn, 3137 Mission street, at 3 o'clock this morning.

Wahn had been driving down Golden Gate avenue, when, at the intersection of Van Ness the machine, containing two men and a woman, swerved suddenly from its course, smashed into the wagon, overturning it, and crashed into the plate glass front of the tire establishment. Wahn and the three occupants of the automobile were thrown out and

showered with milk. The fluid covered them from head to foot, and flying glass filled the air. When Wahn had righted his vehicle and looked after his horses, which escaped uninjured, the occupants of the car had left, abandoning their wrecked machine.

They only persist in the practice because as yet they have all failed to come together on the project, and it was Hesse's contention that the only way to relieve the situation distasteful to both restaurant and saloonmen was to pass an ordinance forbidding the practice.

BERKELEY, May 12.—Professor John Fryer, head of the department of Oriental languages and literature in the university, has departed on the steamer City of Shanghai, where he will spend his summer vacation. He will return in time for the opening of the fall semester. On the same steamer Professor H. W. Reynolds, of the mechanical engineering department, and Mrs. Reynolds sailed for the Orient.

WITH DOG IN DEATH. LONDON, May 12.—In accordance with a wish revealed in his will, which was examined yesterday, the body of "Lafayette the Great," the eccentric vaudeville performer who lost his life in the fire that destroyed the Empire Music hall at Edinburgh Tuesday night, will be cremated and the ashes placed between the paws of his trained dog Beauty, the body of which rests in a pretentious tomb in Piers Hill cemetery at Edinburgh.

RESTAURANT MEN ASK COMMITTEE TO LEGISLATE AGAINST IT.

"Down with the free lunch!" This is the cry of the restaurant men of Oakland, made when a delegation of them visited the ordinance and judiciary committee of the city council at its meeting last night, and asked that august body to recommend an ordinance making the serving of free lunches in the saloons of the city a misdemeanor.

BOY SCOUTS TO SEE BAY CITIES

Two Weeks' Vacation to Be Spent by Lads in a Long Hike.

The members of the Oakland branch of California Boy Scouts will spend two weeks of their school vacation in a round-the-bay hike, visiting all the cities and towns on both sides of the bay. They will make several night camps along the road and are planning to hold their first night at Hayward, where they will be entertained by the Hayward commercial bodies. Then they will pitch camp at Alhambra, as the business men of that city are anxious to have the Scout movement started in their midst.

A longer camp will be held at San Francisco in scout maneuvers with the recently organized scouts in that city.

MARCH UP PENINSULA.

On leaving San Jose the scouts will march up the coast to San Francisco, making frequent camps on the way to view the points of interest. Stanford University will be visited. At San Francisco the Oakland scouts will be the guests of the San Francisco organization and will be shown through the Presidio military reservation. Each scout will be provided with his blankets, haversack, mess kit and ration. They will sleep in the open during the trip and will cook their own food over camp fires.

Several adult officers will accompany them on the hike and will see that the boys are well taken care of.

ON TO RICHMOND.

SAN FRANCISCO, May 12.—The San Francisco Boy Scouts will go to Richmond tomorrow, taking rations, etc., for the trip. Many of them will spend the night in Richmond and will be furnished with supper tomorrow night by the Boy Scouts and scout committee there. Many of the Alameda county scouts will participate in the Richmond hike.

LEAVES BATH TO MARRY COUPLE

Judge Graham Clambers Out of Swimming Tank to Perform Ceremony.

SAN FRANCISCO, May 12.—After summoning Judge Thomas F. Graham of the superior court from a bath in the swimming tank in the Bohemian club Wednesday night, Frank B. Francis, an Alameda drug-gist, was married a few minutes later in the tapestry room of the St. Francis hotel, to Miss Clara Dubois, daughter of Dr. Paul A. Dubois of Oakland.

Dr. Dubois, father of the bride, would hear to no other than his old friend, Judge Graham, performing the marriage ceremony for his daughter, so, when she and Francis decided to marry Wednesday night, a taxicab was engaged and Dubois and Francis started on a hunt for the jurist.

They found him in the swimming tank, hustled him out the while they told him what he was wanted for and they soon had him at the St. Francis where the ceremony was performed. Dr. M. B. Burgess of Oakland acting as best man. One of the women guests at the hotel was called upon to stand up with the bride.

J. J. LYNCH ARRESTED ON A BENCH WARRANT

SAN FRANCISCO, May 12.—John J. Lynch, formerly a prominent broker of this city, convicted of fraudulently selling bonds of the Ocean Shore Railway, was arrested on a bench warrant and lodged in the city prison today. Following Lynch's conviction, the district court affirmed the decision on September 12 last. However, an effort was made to have him paroled. He had been out on bail up to this time and the exact reason for his arrest today was not made public.

OAKLAND BOY HOME AFTER FIGHTING WITH REBEL ARMY

FRANK HINCH, who has returned after exciting experiences in Mexico.

After months of fighting and tramping in Mexico near the border under the leadership of Red Lopez and General Stanley Price, in the ranks of the Liberal army, during which time he took an active part in many of the large battles where the federalists were repulsed, Frank Hinch, a young Oakland boy, who disappeared from his home at 816 Twelfth street, has returned. At the present time he is living with his mother in their Twelfth street home.

Full of tales of the life of a soldier in the rebel army, Hinch gives a good description of the conditions in the south. His company was composed of Liberals, who are seeking to establish a new republic in Lower California. In many of their battles they were in a mix-up between troops under Madero and the federal soldiers. After the battle of Mexicali, while attempting to smuggle a wounded white man across the border into the United States, where he might be cared for, he and three companions were captured by the United States troops and held three days in the guard house at Calexico, under suspicion of being smugglers.

After a battle at Tijuana a price of \$500 was placed on Hinch, dead or alive. He enlisted with the bodyguard of General Francisco Salinas. After marching through the plains for more than forty miles the general and his little staff came to the railroad station. Hinch took the train for Los Angeles. On arriving in that city he discarded his rebel uniform and made his way to Oakland. He is not decided whether he will take another chance in the country with a reward hanging over his head.

WASHINGTON, May 12.—The cordial approval of Foreign Minister De La Barra to the suggestion by the conference of diplomats in Mexico City that foreign residents arm themselves, was reported to the state department today by United States Ambassador Wilson in Mexico City. Senor De La Barra declared the action of the foreign colonies in offering their services for the maintenance of law and order was appreciated by the Mexican government.

The desertion, with their guns, of 40 soldiers, or half the force at the local barracks at Tampico, was reported today to the state department. Minor desertions are increasing in the vicinity of San Luis Potosi. Consul Edwards in Juarez today telegraphed that the railroads are preparing to resume traffic in the state of Chihuahua.

Refugees from Mazatlan arrived at Guadalupe, report a shortening of the food and the drinking water. The only supply of water is from the cisterns and an epidemic is feared.

LADY DECIES UNDER KNIFE

OPERATION IS SUCCESSFUL

LADY DECIES, who underwent an operation for appendicitis today.

Appendicitis Attack Renders Resort to Surgery Necessary at Once

LONDON, May 12.—Lady Decies, who before her marriage to Lord Decies was Miss Helen Vivien Gould, underwent an operation for appendicitis this morning. It was performed at the residence of her mother-in-law, Dowager Lady Decies, and according to subsequent announcement the result was most satisfactory.

It now appears that Lady Decies has been suffering from more or less severe attacks of appendicitis for some time and among intimate friends of the family it had been frequently stated that she was about to submit to an operation.

These statements were always denied and only yesterday, in reply to inquiries concerning the condition of his wife, Lord Decies wrote that while she had experienced some trouble from the cause reported, an operation was unnecessary.

It is now explained that a more acute attack occurred last night and a resort to surgery was suddenly decided upon.

MALE STENOGRAPHERS WANTED BY UNCLE SAM

The United States Civil Service Commission desires to call especial attention to its announcement of a stenographer and typewriter examination, for males only, to be held at San Francisco, California, and other large cities in the Twelfth Civil Service District, on June 14, 1911. There has been much difficulty experienced in San Francisco and vicinity as well as in Washington, D. C., in securing a sufficient number of well qualified young men to serve as stenographers and typewriters at an entrance salary of \$900 per annum, and qualified persons are urged to enter.

In most of the departments there is a satisfactory line of promotion, which should serve as an added inducement to enter the public service.

Application blanks and further information may be obtained from the secretary of the Twelfth Civil Service District, room 241, Postoffice Building, San Francisco, Cal.

ARGUMENTS CONCLUDED IN MRS. HENRY CASE

SAN FRANCISCO, May 12.—The attorneys on both sides in the guardianship and habeas corpus proceedings in the case of Mrs. Ivy May Henry concluded their arguments before Judge Murasky and the matter was submitted this afternoon. Attorney McKenzie spoke for Albert J. Henry, the father, who was awarded the custody of the children by the Seattle court. Mrs. Henry was represented by Attorney James W. Cochran.

Many Forms of Paralysis are Curable

There are still people who say that no form of partial paralysis can be cured.

If you have partial paralysis or some other severe nervous disorder, do you think it is better to be treated by someone who insists that you are incurable, or to take a treatment that grateful patients throughout the United States testify HAS CURED them?

No claim is made for the treatment of severe nervous disorders by the use of Dr. Williams' Pink Pills for Pale People that is not substantiated by proof that is open to the most rigid investigation. The following case, wonderful as it seems, is true in every particular and should convince even the most skeptical.

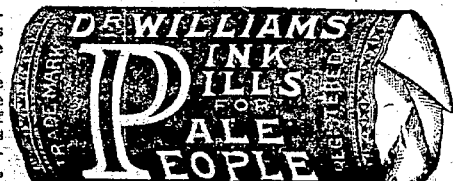

"I might almost as well have been totally paralyzed," says Mr. Lee F. Cypher, of Orcutt, Santa Barbara county, Calif., "for I was unable to move and could swallow only with the greatest difficulty. I first noticed a numbness in my hands and feet. It grew worse and I put myself under a physician's care, but instead of getting better, grew worse till I could not walk and was obliged to take to my bed. I was perfectly helpless and, on account of the paralysis of my throat, hardly able to take enough nourishment to sustain life. Nothing helped me and the outlook was dismal.

"But a friend, who had been cured of locomotor ataxia by Dr. Williams' Pink Pills for Pale People, recommended them to me and I began to take them. In a short time I could see they were helping me and I continued taking them till they cured me and I was able to return to work. Dr. Williams' Pink Pills drove every trace of the paralysis out of my system."

Dr. Williams' Pink Pills for Pale People cure nervous disorders by building up the blood with the elements that the broken down nerves require. This is the only way in which the nerves can be reached because they get all their nourishment from the blood. It is called the tonic treatment and is not confined to severe disorders but is even more effective in common troubles, such as neuralgia, nervous headaches, nervous dyspepsia and St. Vitus' dance.

If you are interested send today for our booklet, "Nervous Disorders, A Method of Home Treatment." It is free.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

COULDN'T COOK LIKE MOTHER DID

Mrs. Erna Rogers Declares That Is Why Hubby Left Home.

Three months of marital discord was enough for Erna Rogers of Fruitvale and yesterday she secured an interlocutory decree of divorce in the Superior Court from Milton W. Rogers on the ground of extreme cruelty. The couple were married in November, 1910, and ceased to live together exactly ninety days after the wedding.

Mrs. Rogers told the court that her husband never liked anything she did. Her cooking, he said, was bad and "nothing like the way mother cooked." Her house was untidy and "he always had a sour look" when he sat down at the table. Rogers, the wife stated, called her a "bum, a loafer and a dope fiend," and made her out such a crazy creature before Mrs. John Worrell, his mother, that the latter feared for her son's life. In proof of this Mrs. Rogers produced a letter from Mrs. Worrell to her husband, which she says she accidentally found one day in Rogers' coat when he asked her to clean his clothes for him. The letter was as follows:

UNEASY ABOUT HIM.

"Dear Milton: I am very uneasy about you over time with that crazy lion. She may say she would not hurt you, but look out. Don't trust her. I would be afraid to eat her cooking, and if her father and brother were looney at one time and threatened to kill themselves, it seems to show insanity in the family. Can't you inquire into the family history?"

"You could not be blamed for leaving her. Let her have enough furniture for a room. Your pictures sell to me or papa; she has no idea of art. Papa says he would not stay near a woman who talks of suicide, revolvers, poison, etc., all the time."

"I am afraid for you. No one could blame you for taking precautions. She has read the most sensational novels and is acting accordingly."

Mrs. Rogers testified that she once asked her husband for 20 cents to buy a bottle of hair tonic, because her hair was "falling out something terrible," and he refused.

"You can have your hair cut short like a man's and then you won't have to shave the hair off your chin and the side of your face, like you used to do," Mrs. Rogers testified to her husband's cruel taunt. "You could then put on a man's hat and a man's clothing and be a typical man."

Rogers is employed by an advertising and bill posting concern and earns a salary of \$150 a month, Mrs. Rogers testified.

NEVADA AND AUSTRIA CLASH OVER MINE FIRE

RENO, Nev., May 12.—The alleged refusal of Acting Consul Karl Ruiz de Roxas, from Austria-Hungary, stationed at San Francisco, to receive the transcript of evidence in the coroner's inquest over the bodies of Austrians burned in the Belmont mine fire in To-

pah has brought the diplomatic and consular agencies of Austria-Hungary and the United States, as well as the participation of the state of Nevada, into a complicated snarl.

IS '13' AN UNLUCKY NUMBER?

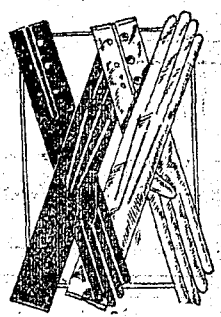

MacCONNELL at the Bell this week is president of "The Thirteen Club."

Do you believe in the unlucky 13? Well, the real exponent of the cause—the man who is recognized as the "President of the 13 Club"—is in town this week and at the Bell theater, and telling a string of hard-luck stories and incidentally creating gales of laughter with his formidable monologues. Al. T. MacConnell bears this unique distinction, but if you sit and listen to him for a few minutes you will find great difficulty in discovering the connection between the happy, jovial MacConnell and the undesirable attributes usually attributed to the significant "13." The act is hardly under way when, surprised of the most startling measure are developed, and they are of the character that will send a shiver to your face. This, however, is only a forerunner of what is to come, and if you are in the same category of the many thousands who have seen and heard MacConnell this week, it's a safe wager that you will laugh as you never laughed before at the unexpected denouement that takes place.

OAKLAND'S BOYS AND GIRLS

FREMONT GRADUATE CLASS ON TUG RIDE TONIGHT

The graduating class of the Fremont high school will give its semi-annual moonlight excursion on the bay this evening. The party will leave the Oakland pier at 5:30 o'clock this evening, going directly to El Campo, where a dance will be held.

The Oakland high school band and quartet will furnish the music for the excursion. Ralph Merritt, is in charge of the affair, with Principal and Mrs. Frank S. Rosseter as chaperones.

The low senior class of the Oakland high school will give its tug ride to-morrow, visiting El Campo and other points of interest around the bay. The return trip will be made by moonlight.

The committee in charge includes Harold Vadsen, Leland Taylor, and the Misses Mignon de Neul, Marjorie Cullum and Ruth Cullen. The chaperones will be Mr. and Mrs. A. W. Stafford, Miss Clara Bailey and Principal C. E. Reeves of the faculty.

SCHOOLS PREPARE FOR GRADUATION

ERNEST HEYNES, president of the graduating class of the Cole School.

In the schools throughout this city exercises will be conducted by the graduating classes June 2, when the term ends. Musical and literary programs will be given by the boys and girls for the entertainment of their parents and friends.

More than 30 students will receive their diplomas from the Grant school. Last year 72 pupils were graduated. Examinations for the last semester of the school year will commence next week, when the deputies will review the work done in the course of study.

The athletic and social activities in the grammar schools during the last part of the year have been neglected owing to the pressure of school work. In the Cole school the athletic games have been confined to basketball. Ernest Heynes, president of the graduating class, has been one of the most enthusiastic members of the team.

WILL BE HOSTESS AT JUNIOR HOUSE PARTY

Miss Alice Elliot will be hostess at a junior house party to be given next Friday evening in the picturesque gardens of the Elliot home in Telegraph avenue. During the evening refreshments will be served on the lawn. Dancing will be an enjoyable feature. Miss Elliot will be assisted by a committee of juniors composed of G. Hough, E. Bronson, A. Gonzales, Mildred Manuel, Harold Reynolds and Howard Sargent. The patronesses will be Mesdames Hough, Elliot, Manuel and Reynolds.

BIBLE SOCIETY TRUST FUND REACHES \$3,000,000

NEW YORK, May 12.—The American Bible society is celebrating the conclusion of its ninety-sixth year by announcing the completion of a \$3,000,000 subscription fund which will enable it to take advantage of the conditional gift of Mrs. Russett Sage for another \$500,000. With the gift of a third \$500,000 from the estate of the late John S. Kennedy, the trust funds of the society will reach nearly three millions.

CADET CORPS DANCE SUCCESSFUL AFFAIR

The First Congregational cadet corps gave the last dance of the season last evening at the cadet armory with more than 150 couples present. The hall was decorated with green and colored lights. Most of the young people present were members of the Oakland high schools.

The dance was one of the most successful affairs ever given by the cadet corps. It was preceded by a short drill with the members of the corps arrayed in the new full-dress uniforms.

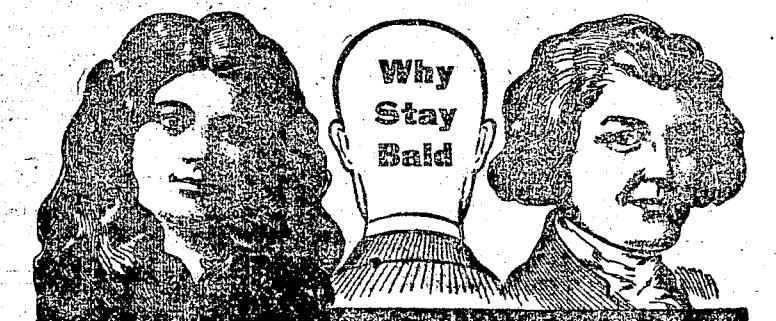

The dance committee included Lloyd N. Cobbledick, chairman and floor manager; Reuben H. Chase, assistant floor manager; John S. Talcott, Roland R. Springer and Carl P. Merritt.

The patronesses included Mrs. J. M. Morrison, Mr. H. C. Watson, Mrs. C. H. Homan, Mrs. T. D. Springer, Mrs. E. H. Benjamin and Mrs. J. N. Cobbledick.

The cadets will give a big minstrel show in Ebell hall on Saturday evening, May 27. Clarence Cass will be in charge as musical director and Albert Silvernail as managing the affair.

PRICELESS GOWNS GIVEN TO MUSEUM

Colonial Hats and Dresses Are Given to Metropolitan Institution.

NEW YORK, May 12.—Colonial gowns and millinery of Revolutionary times take their place among the art treasures of the world in a collection just presented to the Metropolitan Museum of Art here. It is a collection not to be duplicated anywhere in the country, representing in historical sequence the family and the social life of colonial days.

There is a big case filled with old time bonnets, hats and caps. All are quaint and many of the caps are beautiful, with fine old embroidery and lace. Above the case are three old-time hand boxes. One of the hats is as big as any of the present day and is trimmed with the bright green so much affected in up-to-date millinery this season. The hat would have to be dipped to enter the ordinary street car of today.

Then there is a charming cap which could be worn without alteration as one of the theater caps of today. It is sewn over at intervals with pearls and there are loops of string pearls at one side. Next to it is a bonnet which shuts together like an accordion. The children copied their clothes in those days, as they do in this, and in a case of old dolls which are shown, one little doll has her accordion hat and her case to place it.

SUFFRAGISTS HOLD FIRST RECEPTION

SACRAMENTO, May 12.—Plans for an energetic suffragist campaign with the slogan "votes for women" as their battle cry, were begun at a meeting last night at a local hotel of prominent state suffragettes, seeking the passage of the Bell constitutional amendment giving women the same right to vote as men.

Mrs. E. V. Spencer, of San Francisco, vice-president and organizer of the California Equal Suffrage association, presided, and present were several of the most prominent workers in the state. A monster rally in Sacramento within ten days will officially open the campaign which will culminate at the special election in October.

WOULD LIE AWAKE ALL NIGHT WITH ITCHING ECZEMA

Terrible Sufferer Ever Since He Can Remember. Utterly Intolerable. Seemed Beyond Medical Power to Cure. "My Disease Was Routed by Cuticura Soap and Ointment."

"I take great pleasure in praising the wonderful Cuticura Cures. Ever since I can remember I was a terrible sufferer of eczema, and other irritating skin diseases. I would lie awake all night, and my suffering was intolerable. A scaly humor settled on my back, and being but a child, I naturally scratched it. It was a burning, itching sensation, and utterly intolerable, in fact, it was so that I could not possibly forget about it. It did not take long before it spread to my shoulders and arms, and I was almost covered with a mass of scales, and my skin was so itchy that I was in such a condition that my hands were tied."

"A number of physicians were called, but they could not express my gratitude to the one who created 'The Cuticura Miracles,' as I have named them, for 'Thank heaven there was such a miracle as the Cuticura Remedies sent to the suffering world, and now I feel as if I never suffered from even a bump on my head, since I was cured by Cuticura Soap and Ointment, and I shall never cease praising the wonderful merits they contain. I will never be without them. In fact, I can almost dare any skin diseases to attack me so long as I have Cuticura Remedies in the house. I have Cuticura Green, 929 Chestnut St., Philadelphia, Pa., Aug. 25, 1910."

Suits for Young Men

Made to Measure in Our Custom Tailoring Department

Many of the High School and College young fellows, as well as those who are actively engaged in business or in a profession, are having their clothes made in our Custom Tailoring Department.

We build the kind of clothes that these particular young fellows fancy; smartly styled, free hanging garments, with lots of dash and go to them.

Our materials get away from the ordinary run of garments and afford opportunity for the expression of one's individuality.

Particular care is taken with the fit of these garments, with the set of the collar and the hang of the back, and there is an air about every one of them that is immensely satisfying to the wearer.

The cost is moderate, too, considering what you get.

\$18.50, \$20, \$25 and \$30

Is the popular price range. And any man can be well suited and abundantly satisfied in the showing at any of these prices.

If you've been in the habit of having your clothes made by a high priced tailor, suppose you see how it will feel to get two stylish and thoroughly satisfactory suits for what you've been paying for one.

Today or tomorrow is a good time to leave your measure.

BRITISH OFFICIALS WITNESS FLIGHTS

Noted Aviators Go Through Maneuvers; Drexel Has Mishap.

LONDON, May 12.—The most remarkable exhibition of aviation seen in England was given today under the auspices of the parliamentary aerial defense committee. Fourteen aviators, including Claude Grahame-White, Louis Bleriot, the French aviator, Robert Lorraine, the actor, and Captain F. S. Cody, performed various feats designed to show the utility of aeroplanes for war. Four styles of airplanes were used.

The exhibition was witnessed by Premier Asquith, A. J. Balfour, War Secretary Haldane, Home Secretary Churchill, Chancellor Lloyd George, 200 members of parliament, the army council, the admiralty and many officers of the army and navy.

DREXEL INJURED.

In addition to the airplanes two styles of monoplanes were employed. The maneuvers were held at Hendon, just outside this city. J. Armstrong Drexel, who participated, had a mishap, in which he was considerably bruised and cut and his machine smashed. He was starting a flight when he dropped from a height of a few feet. He rose from the wreckage and was able to walk from the field.

The tests included scouting, dispatch carrying and bomb throwing by White, who dropped a hundred-pound missile and golf balls. Messages were taken to Almerston and replies brought back.

A fleet of aeroplanes armed with machine guns attacked an army dirigible balloon.

FIRE PROTECTION LAW IS PLANNED

Council Would Regulate the Storage of Inflammable Material.

The ordinance and judiciary committee of the city council at its meeting last night had submitted for its consideration four proposed ordinances intended to regulate the storage of gasoline, fuel oil, calcium carbide and other highly inflammable substances.

There is no proper provision for protection from these substances at present, although most cities have very strict regulations on the subject and these proposed ordinances are submitted for action by the board of fire and underwriters and the chief of the fire department, the measures having been presented by the fire marshal and approved by the city attorney.

The measures will be recommended to the council on next Monday night, with the condition that the board of underwriters pay for the cost of printing the ordinances, the cost of which will be about \$500.

SUICIDE SIGNS LETTER 'DEATH'

Mystery Surrounding Tragedy on Riverside Drive Is Explained.

NEW YORK, May 12.—The mystery surrounding the death of Dr. W. R. C. Latson in his Riverside drive apartment last night was explained today by Miss Alva Marbelka, student of mystic psychology, who had been the pupil and private secretary of Dr. Latson. The young woman told the coroner that when she called at Dr. Latson's apartment last night she found him dead, kneeling at a sofa and with a note beside him reading:

"Mother, I've done my best."

The note was signed "Death." Besides taking poison he had shot himself.

After remaining several hours with the body of her friend, Miss Marbelka said she went home without notifying the police.

Dr. Latson had had family troubles.

GERMAN OFFICERS FIGHT DUEL TO THE DEATH

BERLIN, May 12.—No social scandal in recent years has aroused a greater sensation in all circles of German society than the duel fought in a lonely clearing at Jungfernhede by Baron Oswald von Richthofen, a son of the late secretary of foreign affairs, and Lieutenant Wilhelm von Gaffron.

It appears that the conditions of the duel, which was fought at daybreak, required the simultaneous exchange of shots at 15 paces until one of the combatants was incapacitated. Gaffron was pierced by a bullet at the second shot and sank unconscious, dying later.

The quarrel was about money and one result of the affair will be to attract attention abroad to the straits to which young officers are reduced in order to keep up appearances. Richthofen borrowed 25,000 marks (\$6250) from his wealthy colleague-at-arms and his friends say that he was obliged to give his note for 40,000 marks (\$10,000) in return. This Gaffron's friends deny.

Why Not Own a Home in Cherryland?

You can buy an acre for \$1000 and up in this high-class suburban property on easy terms and I will build you a home.

In Cherryland you can own a country home with an orchard and garden and plenty of room for the children to play and with all the conveniences of the city—schools, churches, a public library, electricity and gas at your door.

Cherryland is but an hour's ride from San Francisco and the property is traversed by the Southern Pacific, Western Pacific and Oakland Traction Company's lines. Further improvements in the transportation service will be made in the near future.

Building restrictions insure a delightful home community.

An Acre for the Price of a Lot

An acre in Cherryland contains sixteen city lots.

The property will pay for itself, as from \$200 to \$500 can be realized every year from fruit and garden truck raised on an acre.

Cherryland offers an ideal investment for your savings, being a high-class suburban property on the edge of a rapidly growing community. It is bound to increase in value rapidly with every year.

The city property of today is the suburban property of yesterday.

HOW TO GET THERE

Take the Southern Pacific, Western Pacific or Oakland Traction Company's cars to Hayward. Our automobiles leave Oakland and Berkeley every morning. Appointments can be made by letter or telephone.

POLICE LOCATE MISSING GIRLS

Hazel Schwab and Bettie Miller May Soon Be in Custody.

Through an investigation conducted by Captain of Detectives Walter J. Petersen and his men the police have gained information as to the whereabouts of the Misses Hazel Schwab and Bettie Miller, two 17-year-old girls who have been mysteriously missing from their homes in this city since last Saturday. The police hope to have the runaway girls in custody before night and they will probably be returned to their parents after an investigation by the Detention House authorities.

Saturday evening, about 5 o'clock, Mrs. Schwab of 1112 Fifth street, received a telegram from her daughter, who has been an operator for the Pacific Telephone and Telegraph Company, stating that the girl was "tired of a humdrum existence" and was going away. The message had been placed in the hands of the Western Union early in the day, with instructions that it should not be delivered until 5 o'clock. Mrs. Schwab immediately notified the police and a short time later came the report that Miss Bettie Miller of 866 1/2 Philbert street, a nurse, and a friend of Miss Schwab, was also missing.

Detectives Green and Kyle were placed on the case and Clarence Madison, a chauffeur, was found to be a friend of the two girls, who had taken them on "joy rides," according to the police. It was also discovered that he had driven to the office of the telephone company Saturday afternoon to inquire after Miss Schwab. Through information gained from this and other sources the police believe they have gained a line on the hiding place of the girls and expect to have them in custody as runaways before night.

NEWLANDS WOULD KEEP CONGRESS AT WORK

WASHINGTON, May 12.—A resolution by Newlands of Nevada, declaring for a long legislative program for the present session of Congress was introduced in the Senate yesterday.

In addition to reciprocity, the resolution declared for:

Action on the House free list bill, the reduction of the wool, cotton and steel schedules; the placing of the tariff on a revenue basis, a \$30,000,000 reduction in the army and navy appropriations; an increased corporation tax, publicity of campaign contributions, election of Senators by direct vote and admission of Arizona and New Mexico as States.

COUPLE ARE CHARGED WITH ROBBERING MAN

SAN FRANCISCO, May 12.—William Kirkwood and George Shipley, bartenders, were arrested early this morning by Policemen Bigelow, Heagney and O'Brien and charged at the city prison with robbery. The complainant against them, Harry Snyder, a waiter at the Argus Hotel, 1499 Third street, claims that he was choked almost into insensibility in the saloon of Charles W. Franklin, 888 Kearny street. After subduing him, he declares the men robbed him of \$18 in cash. Both were pointed out to the officers, who arrested them on Snyder's identification.

GEORGE ADMITS TAX IS ONEROUS

Agrees With Public That the Sugar Import Is Wrong; Will Not Remove It.

LONDON, May 12.—Representatives of those who are urging on the government the remission of the sugar tax had an interview with David Lloyd George today and asked him into abolish this provision for revenue from the forthcoming budget.

The chancellor was sympathetic, saying that he agreed the sugar duty was oppressive to the poor. It was most desirable that it should be remitted, if he could extract the same amount of taxes from other sources. However, as it was, he could not afford to surrender a tax that was bringing in \$15,000,000.

PICTURESQUE AT HOME.

A picturesque and unique evening was given this week by Dr. and Mrs. Frank L. Stow of Berkeley when 60 guests were entertained in celebration of the anniversary of the crystal wedding of the host and hostess.

Mrs. Stow received her guests in a gown of blue marquisette over white satin, made with insertions of Japanese embroidery. The decorations were entirely in Japanese and presented a bewildering mass of color. The rooms were festooned in wisteria and artificial cherry blossoms with dozens of tiny Japanese lanterns, umbrellas, flags and fans. The yard was

an exact replica of a Japanese garden and presented a fairy-like scene with its lights and riot of colors. The guests played five hundred during the evening, after which Japanese delicacies were served by Japanese girls in their native costume.

Many of the gowns worn were extremely beautiful, among others being Mrs. Mark Hauser, who wore old rose satin; Mrs. J. Gibbs, who wore pale blue silk; Mrs. Dan Puller, a silk in shades of pink and white; Mrs. J. Butler, who was gowned in embroidered pink chiffon; Mrs. E. M. Burnside, who wore white satin trimmed in duchess lace; Mrs. F. B. Warner, who wore a plum-colored satin, lace-trimmed; Mrs. Louis Sigelhurst, whose dress was of black net made over satin and spangled; Mrs. B. Webster, in black satin with touches of pink.

Among the guests who enjoyed the hospitality offered were:

Mr. and Mrs. A. Rowe, Dr. and Mrs. L. Butler, Mr. and Mrs. Frank E. Stowe, Mr. and Mrs. J. Gibbs, Mr. and Mrs. E. Gogerty, Mr. and Mrs. Louis Sigelhurst, Mr. and Mrs. A. Beritzhoff, Mr. and Mrs. W. Carter, Mr. and Mrs. D. Fuller, Mr. and Mrs. M. Hauser, Mr. and Mrs. H. Hansen, Mr. and Mrs. H. M. Burnside, Mr. and Mrs. F. Warner, Mr. and Mrs. C. C. Myall, Mr. and Mrs. B. Webster, Mr. and Mrs. T. WOMEN IN THE NEWS

FORMER MRS. DUXIE ROSENBAUM HAS DAY IN CELL

Creates Scene in Husband's Office and Is Sent to the Lock-up.

PHILADELPHIA, Pa., May 12.—With the charge that her husband had deserted her for Mrs. Elizabeth Hastings Holme, wife of a former New York judge, in San Francisco two years ago, after squandering her fortune of \$800,000, Mrs. James T. Dunn, formerly Mrs. Duxie Rosenbaum of San Francisco, wife of a promoter who has an office in this city, secured her own discharge in the Central Police Court today.

She had spent the night in a cell following her arrest in her husband's office last evening, where she created such a scene when she demanded that he support her that the police were called in.

Given a chance to tell her story by Magistrate Scott, Mrs. Dunn said she had been married in Los Angeles in 1907 and had lived happily in San Francisco until she found that her husband was spending her money on Mrs. Holme, who, she said, now was supporting her spouse.

Then, she said, he left her.

Dunn denied the charge, saying that his wife had deserted him and, in the absence of witnesses to support his story that Mrs. Dunn had threatened him with a revolver yesterday she was discharged. In attire and manner Mrs. Dunn, who returned tonight to New York, has the appearance of being a woman of wealth and refinement.

Brand Her Deserter

RICHMOND, Va., May 12.—That Mrs. Emma L. Ross deserted her husband, Harry A. Ross, and their two children, a girl, Betty, and a boy, Leland, 7 years old, in San Francisco, and that the husband suffered mental anguish on the day he made futile efforts to locate his wife, will be the charge set forth in the counter suit which Mrs. M. Clive Hixton, sister and other relatives of her husband, will fight the \$10,000 damage suit brought against them by Mrs. Ross.

Mrs. Ross gave out the following interview:

"Trouble with my husband before? Oh, yes. I have had trouble with him before several occasions. I had a similar experience in St. Louis several years ago on his account, when I was saved from criminal prosecution in one of the federal courts for obtaining mail fraudulently. I got into the difficulty in an attempt to locate my husband, who was missing at that time. I forged the name of one of his relatives, transferring the mail to her home and thus discovering the whereabouts of my truant husband. When a federal postoffice inspector called upon me I acknowledged my act and threw myself upon the mercy of the government. I was sent for and interviewed by Judge Greer of the United States Supreme Court, who released me."

Accuses Husband

SANTA ROSA, May 12.—Sensational testimony was given yesterday at the trial of Joseph Hartzell, charged with the charge of deliberately setting fire to the farmhouse and outbuildings which stood in his wife's name, on the night of January 16 last.

Mrs. Hartzell availed herself of the amendment passed by the last legislature which permits the wife to testify against her husband when property rights are involved.

She testified as to her daughter and herself fleeing from the house when Hartzell had appeared in a threatening manner in the darkness, on the night of the fire.

She went to a neighbor's house and

May Palmer to Henry Edward Westbrook has been set for June 1st. The ceremony will take place at the home of Mr. and Mrs. George Palmer in Alameda, with only the members of the two families present. Rev. Clarence Reed of Palo Alto, former pastor of the First United Methodist Church in Alameda, will perform the ceremony. The couple will make their home in Del Norte county. In honor of Miss Palmer, Mrs. James H. Davis will give an elaborate luncheon next Friday afternoon. The guests will include a coterie of the nearest friends of the hostess and an hour of bridge will follow the luncheon.

WRITES FROM JAPAN.

Miss Janet Haight and the party of friends with whom she has been traveling will return to California early in July after a fortnight's sojourn in the Hawaiian Islands. Miss Haight closed her Linda Vista residence last May, leaving for a tour of the world. On this, her second journey abroad, the entire globe has been endorsed. The party is in Japan, from where it will sail early next month for Hawaii.

RECEPTION AND MUSICALS.

Mrs. Ralph Damon Emerson has come from her home in Hingham, Wash., for a visit with her parents, Mr. and Mrs. John F. Soule, and will remain in the bay cities several weeks. Mrs. Emerson is one of this season's brides and was formerly Miss Frances Soule. Since her marriage early in the season she has made her home in Hingham, where her husband is at the head of one of the larger lumber companies.

During her visit in this city Mrs. Emerson will be entertained extensively by her friends. Next Friday afternoon Mrs. Vere Wendell Hunter will give a reception and musicale in her honor.

BRIDE-ELECT FETTERED.

Miss Amy Hill, whose announcement of her engagement to Paul Yost was of interest to many, will be given a series of complimentary teas and luncheons.

On May 18th Mrs. C. S. Baker has invited a group of friends for a luncheon to be given in honor of Miss Hill. Yellow is to be the keynote of the color scheme, which will be carried out in the decorations and in all the dainty table appointments. Bridge is to conclude the afternoon's pleasure. Among the guests will be Mrs. C. M. Hill, Mrs. Earle Lindsay, Mrs. Charles E. Townsend, Mrs. J. Warren McKibben, Mrs. Frank Kinsey, Mrs. Leroy Briggs, Miss Lucy Shinn, Miss Alice Shinn, Miss Florence French, Miss Isabel Scupham, Miss Edith White of Alameda, Miss Emmy Lemcke of Alameda and Miss Amy Hill.

two men went to the Hartzell home and endeavored to get him to leave.

"I'll give you a hundred dollars to kill me now," they testified he yelled when they spoke to him. They refused and then he said: "I will go to bed and remain until my wife calls me \$500 for the improvements on the place."

They left and a short time afterwards the fire was discovered. T. W. Wright and J. A. Doughty, other neighbors, testified that they saw a man lying against a fence 300 feet from the burning building. Wright, who was with the man, testified that he saw him lying against the fence. Hartzell is charged, there had been trouble between Hartzell and his wife.

California Girl Flies

MINEOLA, L. I., May 12.—Miss Harriet Quibby made a number of short grass cutting flights early yesterday, managing to get off the ground for a few feet. Miss Quibby is a young woman writer, formerly of California. She does her aerial practicing usually early in the morning, heavily veiled and wearing knickerbockers and an aviator's regulation jacket. She says she is determined to win her aerial pilot's license.

Woman Stabs Herself

BAKERSFIELD, May 12.—Crazed by the news that her husband had brought an action for divorce against her at Nephi, Utah, Mrs. Lora Plumb yesterday stabbed herself repeatedly in neck and chest with an ice pick and then pounded

at her own head with a hammer. She was taken to a hospital, where four square inches of broken skull were removed. Physicians think she will recover.

LIVES DOZEN YEARS WITH BROKEN NECK

NEW YORK, May 12.—Walter E. Duryea, who lived almost a dozen years with a broken neck, died yesterday at his home here in his forty-fifth year. He broke his neck in August, 1899, by jumping from the Casino at Glen Cove, landing on his head in the sand in three feet of water.

After ten months in Roosevelt hospital, following two operations on which the doctors had based only their slightest hope that he would recover, he mended and so recovered his faculties that by shrewd investment he increased about \$600,000 which he inherited from his father to \$2,500,000.

Duryea, who was a son of Edgar E. Duryea, the starch manufacturer, was a member of the Seventh regiment and Glen Cove Yacht club when the accident happened.

CITRUS RATE CUT DELAYED.

WASHINGTON, May 12.—An order of the Interstate Commerce Commission in the case of the Arlington Heights Fruit Exchange of Los Angeles, reducing freight rates on citrus fruits from California points to eastern destinations was postponed yesterday as to its effective date until July 15.

NELLY BLY CONCERNS ROBBED OF \$400,000.

NEW YORK, May 12.—According to Assistant District Attorney Ross of Brooklyn, Charles W. Caccia and Stanley Giechlik, cashier and assistant cashier respectively of the American Steel Barrel Company and the Ironclad Manufacturing Company, two corporations in which Mrs. Elizabeth Seaman, better known as Nelly Bly, is interested as president and treasurer, who were arraigned yesterday in the County Court in Brooklyn on six indictments charging them with forgery in the second degree and grand larceny, have stolen between \$300,000 and \$400,000 from those companies.

They pleaded not guilty and were held in bail of \$5000 each on each indictment, making an aggregate bail of \$30,000 for each man. The men were arrested several months ago on a warrant charging them with securing \$610 by means of forged checks.

FAMILIES NEAR DEATH IN INCENDIARY FIRE

NEW YORK, May 12.—Twenty families narrowly escaped death at a supposedly incendiary fire early this morning in a six-story tenement house at East Thirty-third street. Six firemen who had been detailed to fight the flames in the basement were dragged out unconscious by their comrades.

MURDERS WOMAN AFTER SERIES OF QUARRELS

INDICTED BY JURY, RUMOR

Report Says Sergeant Peter Fanning Is Accused by Grand Jury

Leffingwell Denies Visit to Eaton; Mayor McCarthy Is Silent

SAN FRANCISCO, May 12.—Although the deliberations of the San Francisco grand jury were secret and none of the members would reveal anything definite regarding their deliberations last night, rumor that will not down to the effect this morning that they voted an indictment against Detective Sergeant Peter Fanning, an attaché of the mayor's office.

The story that Leffingwell was also a target for discussion, looking toward an indictment against him was circulated, but not so widely as that regarding Fanning, and it is not thought at this time that the mayor's secretary has so far been connected sufficiently to justify the grand jury in acting.

DENIES VISIT.

Leffingwell denies absolutely in a statement made to a TRIBUNE reporter this morning, that he visited Dr. Eaton's office in the Gunst building, and declares that Fred Maguire, the elevator operator, must have made a mistake. "The testimony of other reputable witnesses," said Leffingwell, "is to the effect that Dr. Eaton was at the clinic at the time that I was supposed to have visited him. There is absolutely nothing to it. I was not there."

Yesterday's session of the grand jury revived memories of the so-called graft prosecution days when the deliberations of the legal body held the eyes of the entire community.

WOMAN'S ACCUSATIONS.

The most of the testimony adduced was in connection with the allegations brought by the Le Roy woman against Peter Fanning and hinting at Leffingwell. Mayor McCarthy himself was not personally involved in the affair by any of those who testified. Damaging evidence is claimed to have been submitted by Louis Parente.

All of the rumors regarding alleged graft and the complicity of Fanning and Leffingwell cannot be confirmed, however, until the grand jury makes a regular report or returns some indictment. District Attorney Fickert refused absolutely this morning to affirm or deny that an indictment had been returned.

INQUIRY NOT COMPLETE.

"The grand jury adjourned until Monday or Tuesday of next week," declared Fickert. "Its deliberations are secret and I really can't say anything about it. The investigations are not complete and there is more evidence yet to be submitted."

Among the witnesses who testified were Chief of Police Seymour, Dr. Eaton, Leffingwell, Thelma Le Roy, Miss Ruby Berdahl, J. M. Maguire and Police Officer James Conley. The latter is said to have given the most damaging evidence against Fanning, declaring that he had had no conversation with him, whereas Fanning had declared that he had been asked by Conley to inspect the clinic.

At the mayor's office this morning it was stated that no further declarations would be made and that there was nothing more to be said by either the mayor or his secretary. Mayor McCarthy declared that he had demanded an investigation of himself and his own official acts. He is somewhat disturbed that his requests have not been complied with while the Le Roy woman was easily able to obtain a hearing.

HANDWRITING TEACHER CALLED IN WILSON CASE

SAN FRANCISCO, May 12.—Prof. P. A. Ephra, for 25 years handwriting teacher at St. Ignace College, and for 20 years in charge of handwriting in the local school department, was on the stand all morning in the case of John Walter Wilson. He testified as to the dissimilarity between the writing of the accused and that contained in the poison-bearing letter. Calling attention to Wilson's p's, he affirmed that his were angular, whereas in the fatal missive they were round.

THREE JURORS PASSED IN BLACKBURN CASE

SAN FRANCISCO, May 12.—The work of obtaining a jury to try Daniel E. Blackburn, former supervisor of San Mateo county, charged with agreeing to receive a bribe, was continued in Judge Cabaniss' court today. During the morning three jurors were temporarily sworn in addition to the five already sworn. They were James P. Gallagher, 33 Lexington avenue; H. J. Lyons, 2330 Filbert street; and Jacob Hauser, 1833 Dolores street.

CASHIER FREED OF CHARGE OF THEFT

SAN FRANCISCO, May 12.—Theresa Peters, the cashier of Adler's sanitarium, was charged with stealing funds under her care, was dismissed in the police court today. It was shown to the satisfaction of the court that the young woman was not culpable.

The Hop King and His Seven Choruses Will Appear in Greek Theater Tonight

"Fairies" in the fairy group who will take part in the Hop King. From left to right, they are: ANNE HUNT, CARRIE GORDON, HOPE MATTHEWS and MARGUERITE HUMPHREY.

UNIVERSITY OF CALIFORNIA, May 12.—The last rehearsal of the cast and chorus of the senior extravaganza, "The Hop King," took place last evening, and tonight the big college show, which is the largest theatrical event of the university year, will be given in the Hearst Greek theater. The production is being put on at a cost of \$2000.

A change has been made in the cast. Luther Marchant, who was taking the role of Father John, having been compelled to drop out on account of the death of his sister. His place will be taken by Harold Brayton.

The senior extravaganza which will be presented by the graduating class this year, is the work of Edwin S. Walker, a Los Angeles student, who wrote both words and music.

The clever plot abounds in local quips on students and faculty, and a feature of the production is the seven choruses, which will be sung by the senior women. These include the football chorus, the Yankee Doodle girls, fairies, basketball chorus, baby dolls, English chappies, and Hawaiian chorus. Unique electrical effects will be incorporated with the music. The cast follows:

BOTH SIDES STAND PAT IN COTTON MILLS STRIKE

Officials Decline to Accede to the Demand Made by the Dissatisfied Employees

"Both sides testing on their oars" expresses the situation at the California Cotton Mills today. Neither the newly organized union of cotton textile workers, nor the management of the cotton mills company has budged in the least. Both stand pat, the operatives declaring that under the new eight-hour law, which goes into effect May 22, they are entitled to the nine-hour pay they have been receiving; the mills management, that the establishment cannot be operated without loss on the eight-hour system, save on a wage schedule of eight hours' pay for eight hours' work, based on the hourly rate represented in the nine-hour day scale.

The regular monthly meeting of the board of directors is being held this afternoon and the situation is being thoroughly discussed.

The Industrial Workers of the World have been eliminated from the case. The activities of their leaders ceased as soon as the cotton workers' union repudiated them for refusing to give up the collection taken at the parade of the mill hands on Wednesday.

A daily record of the California Cotton Mills operations showing the amount of cost of raw materials consumed and labor employed each day and the value of the day's manufactured goods, was submitted to the committee's examination.

CLAIMS WAGES ARE GOOD. "We are paying you," added the superintendent, "higher wages for shorter hours than any cotton mill in the country."

Yesterday's conference closed without any definite results beyond the statement on the part of the committee that they would report back to the union. It is represented that the woman's eight-hour law affects the California Cotton Mills in an exceptional way. While the law applies only to women, the male employees in the mill are dependent upon the fruits of the labor of the women to carry out their part of the work of the establishment. Shortening the day for women to eight hours automatically shortens the day for male employees. The large shipment of new looms which arrived during the week will be set up during the temporary shutdown.

A saloon they are the next day hauled over the carpet. They also complain the mills have been especially favored by the management.

Superintendent Rutherford explained to the conference committee that while the California Cotton Mills was originally started by a small group of capitalists, nearly all of whom are now dead, the stock has passed into the hands of 280 stockholders. Many of the stockholders have been dependent upon the earnings of their stock for their support. A daily record of the California Cotton Mills operations showing the amount of cost of raw materials consumed and labor employed each day and the value of the day's manufactured goods, was submitted to the committee's examination.

CHILDREN'S PARADE

Sunday-Schools of Fruitvale District to Hold Great Reunion.

Boys and Girls Sing "Onward Christian Soldier" as They March.

FRUITVALE, May 12.—Tomorrow morning at 9:30 o'clock more than 2000 Sunday-school children of the Fruitvale district will parade down the principal streets of this section, forming one of the largest and most unusual processions ever held in this community. Nearly all the Sunday-schools of this district are to be represented, and other children, not regular members, have been invited to join.

Following the parade a picnic will be held in Lincoln Park, Alameda, where games and sports of all kinds will be enjoyed.

The parade is to form in two sections, at given points adjacent to Fruitvale avenue, the line of march to extend down Fruitvale avenue to Fourteenth street and eastward on Fourteenth street to High street in the following order:

Fruitvale Christian, Fruitvale Congregational, Ward Memorial Congregational, Fourth Avenue Presbyterian, Fruitvale Presbyterian.

TO JOIN PARADE.

At Liles avenue the Christian church Sunday-school will be joined by the Allendale Baptist, and the Fruitvale Presbyterian will be joined by the Allendale Methodist.

The schools of Melrose and eastward will form on or near Fifty-fourth avenue, marching along Fourteenth street to High street in the following order:

Melrose Baptist, Fitchburg Baptist, Boulevard Congregational, Melrose Methodist, High Street Presbyterian, Swedish Mission.

PARADE HYMN.

At High street, the two sections of the parade will turn down that street to Lincoln Park, Alameda. The parade hymn will be "Onward Christian Soldiers," and will be sung by each school at the beginning of its march.

Each section of the parade will be led by a boy and a girl, each riding a pony, the boy carrying an American flag, the girl a pennant specially prepared for this parade. One of these pennants will be awarded to the school making the best display in the parade, the other to the school having the greatest number of persons in line of march in proportion to membership. Each school is expected to march as many outside its membership to march as possible, old and young.

Each person in the parade is to take his own lunch for the picnic which will follow. The lunch will be cared for by a lunch committee and will be carried to Lincoln Park by a transportation committee.

Star Prisoner Disfigured by a Black Eye, Received Accidentally.

Former Political Boss Asks for No Favors and Receives None.

SAN FRANCISCO, May 12.—This morning marks the sixty-third day of the incarceration in San Quentin of Abraham Ruef, and the former political boss of San Francisco is working steadily and without complaint in the jute mill. Although thirty-one men were paroled from the prison on the first of the month, leaving vacant several clerical positions in the office, Ruef was not given one of them. The penitentiary officials do not desire to show the erstwhile boss any extra consideration or even grant him a favor which might be shown another prisoner of less prominence while he remains in the public eye.

Ruef has asked for no preference and has received none. Incidentally the star prisoner, for that is what Ruef is known as among the other unfortunates of the prison, is suffering from a black eye. While lying asleep in his narrow bunk which permits of only a slight raising of the head, Ruef roused himself to a sitting posture during a dream of home and better days and knocked his eye against the bed of Lionel Carrillo, who swings above him.

In the bed beneath languishes one of the Young Brothers, convicted of the murder of Policeman Hines.

Ruef was forced to go to the prison doctor for treatment for his eye, which changes the whole expression of his face and makes him look like a different man. At present the former boss is watching the bobbin, tying the thread when it chances to break.

RAILROAD OFFICIAL

IS MARRIED IN RENO

BERKELEY, May 12.—Omer D. Coppage, traveling auditor of the Southern Pacific, was married in Reno, Nevada, yesterday, to Miss Mary Silverthorn. The groom is a brother of Charles Coppage, purchasing agent of the same railroad, who resides at the corner of Prince and Regent streets in this city. The details of the wedding are not known here. Coppage sent a telegram to his brother last night, which stated simply: "We were married today." The couple are expected in Berkeley soon.

conclude the day's pleasures at Lincoln Park, will include tennis, baseball and basketball, a track and field meet, running, jumping, relay races for the older scholars and a great variety of games and amusements for the little folks.

Fires Two Bullets Into Body Over Heart and Will Die.

Charles Covell Shoots Down Mrs. Emma Ross in Sacramento House.

SACRAMENTO, May 12.—Following threats and quarrels which lasted almost all night, Charles Covell, a former South-ern Pacific shopman, early this morning shot Mrs. Emma Ross, divorced wife of Angus Ross, a local gambler and sporting man, killing her instantly; and then turning the weapon upon himself, attempted to commit suicide.

He fired two bullets into his body over the heart and cannot recover. A few minutes before the shooting Mrs. Ross called for help from a back porch, but before the man whom she had summoned could reach the rooming house floor Covell had dragged her into his room and murdered her.

Mrs. Ross was clothed only in a light undershirt and stockings, while Covell had on only an undershirt.

PUBLISHERS OF TIMES DISCHARGED

Judge Willis Issues Such Order in the McCarthy et al Libel Case.

LOS ANGELES, May 12.—Harrison Gray Otis and Harry Chandler, president and vice-president respectively of the company which publishes the Los Angeles Times, charged with having libeled Andrew J. Gallagher, O. A. Tvettnes, P. H. McCarthy and other labor leaders of San Francisco, were ordered discharged today by Judge Willis of the superior court.

The judge invoked habeas corpus proceedings to avoid answering the charge in the northern city. Judge Willis granted their petition on the grounds that the facts stated in the complaint were insufficient to constitute a crime and that the police court where the warrants were issued had no jurisdiction.

COAL RIOTS AVERTED.

CORDOVA, Alaska, May 12.—Despite threats, the steamer Edith, loaded with 3000 tons of Canadian coal, arriving from Nainamo, B. C., last night, was berthed without any demonstration being made by the large crowd of citizens who were on the wharf to greet the collier. That the threats were not carried out is believed to be due to the precautions taken by the authorities.

LECTURE SUBJECT 'FLOOR OF OCEAN'

Distinguished Scientist Delivers Interesting Address at University.

UNIVERSITY OF CALIFORNIA, May 12.—Lecturing on the subject, "The Floor of the Ocean," in California hall last evening, Sir John Murray, a celebrated oceanographer, declared that Professor Carl A. Kofoid of the Department of Zoology here, was one of the greatest authorities in the world on sea organisms. "There is much vegetable matter on the surface of the ocean," said Murray; "probably greater quantities there than on land. In fact we may look upon the ocean as a vast floating meadow."

"We have been able to discover a great deal through scientific research and through dredging the ocean's bed and raising its waters we have been enabled to gather great quantities of sea organisms. However, there have been many specimens that escaped us through slipping through the meshes of our nets. It was Professor Kofoid that first pointed out this fact."

"Credit must be given to Professor Kofoid. He is a great authority, one of the greatest in the world. He was the first person to discover that most of the phosphorescence in the ocean is contained in one sea organism, the pyrosoma."

"The study of sea organisms is a great work. It is a work which we are just now interesting ourselves in. It is a work which is being carried on at San Diego by the University of California, and I am glad to say with very great success."

"There is another phase which I would like to see taken hold of here. That is the study of fishes from an economic standpoint. Through our work and discoveries we have been able to determine much about the habits and life of the herring, halibut and other fish of economic value. We have seen them at just where they lay their spawn, at just depth and in what localities. We have learned their depth of habitation in the ocean. This is a great benefit to the fisherman."

SUFFRAGISTS ARM FOR GREAT FIGHT

Plans for State Campaign Are Laid in City of Sacramento.

BERKELEY, May 12.—The first Wednesday afternoon reception of the Berkeley Equal Suffrage League was held at headquarters, 2515 Bancroft way. Mrs. George W. Haight, who acted as hostess, gave a resume of the work of the women of Finland under suffrage laws.

Mrs. Warren T. Clark read a paper on "Women Under the Law," written by Mrs. Louise Terry Smith.

Mrs. C. A. Thompson told of the work in England, after which a general discussion was participated in by Mrs. T. B. Sears, Mrs. T. C. Welch, Mrs. Hester Harland and Others.

APPOINTS EDITORS FOR THE OCCIDENT

UNIVERSITY OF CALIFORNIA, May 12.—Arno K. Holsholt, editor-elect of the Occident, the student magazine, has appointed his assistant editors for next term.

The new staff consists of: Associate editors—Roswell Hamm, Margaret Hodgson, Lloyd Myers and Evelyn Steele.

PLAY APPARATUS ORDERED.

BERKELEY, May 12.—The new playground apparatus is due to arrive here within forty-five days, and consists of a giant slide, merry swing outfit, seesaw outfit and children's slide. The apparatus will be divided for the use of boys and girls. It will cost \$1072.58 and it is expected it will be sufficient for the present needs of the children of the central district.

BERKELEY CHAMBER WADES THROUGH ROUTINE

Will Participate in the Parade in College City Tomorrow.

NOTIFICATION MADE OF SWITCHING CHANGES

The Visiting Librarians to Be Entertained at June Meeting.

BERKELEY, May 12.—By unanimous vote the Board of Directors of the Berkeley Chamber of Commerce last evening resolved to accept with thanks the invitation of the Board of Trade to join in the parade to be held tomorrow afternoon, and will be duly represented.

UPON information received from Dr. J. C. Rowell, librarian of the State University, it was agreed that preparations shall be made to entertain visiting librarians from Eastern cities, who are expected in Berkeley June 1.

Dr. David Starr Jordan, president of Stanford University, submitted a communication in which reference is made to the proposed peace arbitration treaty with Great Britain advocated by President Taft and endorsed by Sir Edward Grey, King Edward's minister for war.

CHANGE SWITCHING LIMITS.

E. E. Calvin, vice-president and general manager of the Southern Pacific Company, informed the board that changes had been made in the switching limits in the western part of Berkeley in accordance with requests made by the Chamber of Commerce, and indicated that the company desires to accommodate the manufacturing interests of the community as far as possible.

Notification was received from the United States War Department that a meeting of the San Francisco Bay Harbor Line Board will be held in the Oakland City Hall, May 18, at 10 a. m., to consider proposed changes in the harbor lines from the Key Route pier to Point Richmond. President Juster was authorized to appoint a special committee to represent the Chamber of Commerce at the meeting.

WITHHOLD DECISION.

Major Wm. W. Forsyth, U. S. A., superintendent of the Yosemite Valley, informed the Chamber of Commerce that it has not yet been decided that automobiles shall be admitted to the park this year, and that the date of admission will not be fixed until necessary guard walls are built along the road descending into Yosemite Valley.

Judge Wm. H. Waste drew attention to the International Sunday-school convention to be held in San Francisco, which will last from June 20 to 27, at which thousands of delegates and their guests will be present, and it was ascertained that steps have been taken by the secretary of the Chamber of Commerce to acquaint these delegates with the attractions of Berkeley as a place in which to sojourn during their visit to California.

San Leandro's cherry festival invitation was accepted. The jubilee will last two days—June 9 and 10.

A resolution was adopted requesting steamship companies having offices in San Francisco to appoint a special agent who has an office in Berkeley, so that the needs of our citizens may be filled without requiring them to go to some neighboring city when they wish to buy steamship tickets.

Berkeley Society

BERKELEY, May 12.—The wedding of Miss Vivian Favor and William S. Miller will take place June 22. The bride is the daughter of Mr. and Mrs. E. L. Favor of Berkeley and the groom is the recipient of much social attention because of the engagement announcement. Two events in the near future are the afternoon arranged by Miss Theresa Harrington for Saturday, May 20, and the luncheon at which Mrs. J. Enzensperger will preside the following Saturday.

Mrs. John Brockway Metcalf entertained at luncheon Wednesday afternoon complimentary to Mrs. George Crothers (Elizabeth Mills). Mrs. Metcalf received at the Huntington home.

Mrs. H. O. Pierce was a bridge hostess this afternoon, complimentary to Miss Harriet Alexander, the affianced bride of James Henry Lavinson.

Mrs. Frederic B. Edinger will entertain at bridge Saturday evening, receiving the guests at the home on Bowditch street.

BERKELEY SCHOOLS HOLD COMMENCEMENT

BERKELEY, May 12.—Graduation exercises took place in two Berkeley schools today. At Miss Head's school twenty-five girl graduates received their diplomas this morning after a brief musical program contributed by Mrs. Margaret Hill and Miss Maude Wellendorf. This afternoon a garden party was given in the school grounds.

Commencement exercises of the Pacific Unitarian school for the ministry were held in the First Unitarian church at 2:30 o'clock this afternoon. The two graduates were Marshall Dawson and Herbert Edgar Kellogg.

Rev. William S. Morgan, B.D., Ph.D., was inaugurated as professor of systematic theology, after which he delivered the inaugural address, his subject being: "The Perennial and Necessary Modification of Theology."

AMATEUR ACTRESS OF ABILITY WILL APPEAR IN SKIT

MISS IRENE WELP, who will appear in amateur play.

ALAMEDA, May 12.—Miss Irene Welp is planning to appear in a comedy skit to be given by a local dramatic society of which she is one of the charter members. A committee of members is now considering the selection of the comedy which will probably be staged at Central hall. Miss Welp is one of the most talented amateur actresses in the organization and has gained considerable praise for her work in the past.

She is a graduate of the local high school. During her high school career she was active in all school affairs and played in the productions given by her class. She is the daughter of Mr. and Mrs. F. G. Welp of 2204 Encinal avenue.

TEST NEW ENGINE.

BERKELEY, May 12.—The new combination automobile fire engine underwent a successful test yesterday afternoon, taking a 15 per cent grade on the Cedar street hill in North Berkeley in three minutes.

BOYS' BAND GIVES CONCERT FOR CLUB

Paly Festival Indorsed by the Alameda Improvement Club at Meeting.

ALAMEDA, May 12.—The feature of the meeting of the Alameda Improvement club last night was a concert by the Washington Park Boys' band who appeared in order to show the members the progress they had made since organizing a few weeks ago.

The concert was unanimously voted a success. It is expected that within a few months the boys will be giving concerts in Washington Park.

The club endorsed the play festival, to be held in Lincoln Park on May 19 and 20, and pledged its support.

The following members were appointed a committee to arrange for a "name Fourth of July": C. E. Smith, E. Hartley, E. J. Probst, Sam Skelly and G. Alchison.

A discussion was raised over the rumor that the pound would be moved to the West End. Councilman Probst was present for the purpose of the club would have an opportunity to protest before any action was taken by the city council.

A committee was appointed to confer with the mayor and city council relative to the establishment of a public bath house at Washington Park.

ALAMEDA PERSONALS

ALAMEDA, May 12.—Miss Ada Marton has returned from Europe, where she spent the last three months.

Miss Ella B. Smith of San Jose is the guest of her aunt, Mrs. Charles H. Smith, in Oakland. Miss Smith is a member of the Omega Nu Sorority and the local chapter is planning to entertain her.

Mrs. P. A. Jordan entertained nine tables of bridge players at her home in Grand street yesterday afternoon. Mrs. Jordan is planning a series of bridge parties for her many friends.

Clarence Sanborn has returned from Los Gatos, where he spent a week at Raymond's. His sister, Miss Laura Sanborn, and Miss Lillian Isaacs were in the party.

Miss Theo. Spaulding will return tomorrow from an outing at Moorland farm, in Santa Clara county, where she was Mrs. W. H. Abbott's house guest. Miss Spaulding is preparing to go east the latter part of this month.

Mrs. Clarence Flint is asking several of the younger maidens and matrons to be her guests Saturday, May 27, when she will compliment her sister-in-law, Mrs. Earle Scofield, formerly Miss Marion Troy. Mrs. Flint's guests will include the Alameda friends of the bride.

CLUB SEEKS TO OUST MACKIE

May Insert Recall in Constitution; Regime Said to Be Unsatisfactory.

ALAMEDA, May 12.—The Alameda Improvement club is figuring on inserting the recall in its club constitution and by laws. The matter has been discussed for several weeks by the members and last night was brought up for discussion after President Alexander Mackie had excused himself on a plea of another engagement and left the meeting. H. G. Mehrtens being called to the chair to preside.

C. H. Smith was chief spokesman in favor of the recall. He said that it would afford relief in cases where officers did not serve to the satisfaction of the club and would also be a factor toward making an official so conduct himself as to satisfy all members of the club with his impartial administration.

While the discussion was in a friendly spirit and while no names were mentioned, it is an open secret that some opposition to the Mackie regime has arisen in the club.

Mackie was secretary until the election a few months ago when he was elected to the presidency. Rumors of radical changes have been floating about for the last month. It is now planned to hold a committee of five members to meet between now and the meeting next Thursday night and draw up the proposed recall provision, as well as another proposed amendment changing the club name from the Alameda Improvement club to the West End Improvement club.

A majority of the club members live in the West End and have their chief business and home interests there. It is figured that the club would be more truly representative of the West End under the proposed new name.

The North Side has its North Side club and the East End has its East End club.

SAN JOSE EDUCATOR
VISITS IN ALAMEDA

ALAMEDA, May 12.—Alexander Sheriffs, city superintendent of the schools of San Jose, is visiting Superintendent of Schools Will C. Wood in this city today. Superintendent Sheriffs will inspect the two schools under course of construction.

He stated today that new schools were being erected in San Jose where the old school was being introduced. The new buildings in the garden city combine a closed and open air structure, the latter being built so as to permit of closing it during the winter.

ALAMEDA STUDENTS ELECT OFFICERS

Vote to Play American Football This Season; Von Schmidt Is President.

ALAMEDA, May 12.—An election of Associated Student body officers held yesterday by the Alameda high school resulted as follows: President, Harold Von Schmidt; vice-president, Gene Vaughan; secretary, Fran Pollard; yell leader, Harry Adams; executive committee, Edwin R. Anthony, Irving Culver, Robert Sherrard, Constance Van Brunt, Rita Dennison.

The election was held according to the Australian ballot system. The proposition: "Do you favor establishing student self-government in the high school?" was defeated, the vote being: Yes, 68; No, 148.

The students voted in favor of playing American football by a large majority, the vote being: Rugby, 68; American, 141.

WHEELER GIVES DINNER TO SENIOR STUDENTS

FINAL CLEANUP

Clark Wise & Co. Stock

(Purchased by us on a very low cash bid)

LAST DAY SATURDAY

The old established piano house of Clark Wise & Co. has retired from business and we have bought their ENTIRE STOCK at a figure that surprised even ourselves—all of their strictly high-grade pianos and player pianos, including many world renowned makes, all of their medium priced pianos, all of their specially constructed CLARK WISE & CO. pianos, all their slightly used and second-hand pianos, all their phonographs, records, etc. etc.

Our exceedingly low prices of the past week have moved a considerable portion of this dependable stock to the homes of wide awake buyers, but many of the best bargains are still left on our floor.

This is your last chance to get a high-grade standard make piano at your own price and terms. Every piano and player piano must be sold this week even if we have to sell new pianos for fifty dollars.

AVIA THE NEW CORSET CLOTH FOR SUMMER WEAR

HERETOFORE no Corset cloth has been developed that is strong, light, cool and comfortable. Open nets are cool, batiste is light, but neither has all the qualities of a PERFECT SUMMER CLOTH.

AVIA combines all of the strength, firmness and fine fitting qualities of batiste with the coolness and comfort for hot weather of an open-mesh material.

IF the body is encased in a closely-woven solid cloth the heat of the body is prevented from escaping, no matter how light the material may be. The little windows woven into AVIA provide hygienic ventilation, permit the heat of the body to escape and render corsets made from this material much cooler than any corsets can be if made of solid cloth.

CORSETS made from AVIA carry the same WARNER'S GUARANTEE against rusting, breaking and splitting as corsets made from our other standard cloths.

AVIA CLOTH CORSETS are not only light and extremely cool and comfortable, but very beautiful in appearance. It is unquestionably the most perfect summer corset material that has ever been introduced—

Prices \$1.50 and \$2.00 per pair

Muslin Combination Garments

WE are showing fifty different styles in these most popular garments. Only the best of cambrics, nainsooks and batistes and the prettiest laces and embroideries have been used. HOTBED OF ABOLITION POOR PLACE FOR NEGROES

BOSTON, May 12.—That Boston is the hottest place in the country for negroes to find respectable neighborhoods to live in and that the hospitals of the city discriminate against the negro, are contentions of the Boston branch of the National Association for the Advancement of Colored People, in a statement published today. A proposition to form a Y. M. C. A. branch for negroes is opposed by the association as tending toward segregation.

TO PROTECT FEDERAL EMPLOYEES WHO TESTIFY

WASHINGTON, May 12.—Representative Baughman of Ohio, today introduced a bill to protect government employees who may be called on to testify before investigating committees of congress. The resolution sets forth that employees of the government fear persecution as a penalty for testifying against their superiors, and provides that no employee shall be superceded, reduced in rating or discharged because of such testimony.

BRENNAN-EDGREN WEDDING SURPRISE TO MANY FRIENDS

MRS. JOHN A. BRENNAN, who was married last night. She was Miss Alice A. Edgren.

Quietly going to San Francisco without notifying their many friends, John A. Brennan, a member of the 1910 class of the University of California, and Miss Alice A. Edgren, daughter of the late Rev. Dr. J. A. Edgren, were married last evening by Rev. Hugh K. Hamilton, pastor of the California Street M. E. church. The ceremony was held in the presence of the father of the groom, Michael Brennan, and the brother-in-law and sister of the bride, Mr. and Mrs. Carlos G. White, of this city.

Mr. and Mrs. Brennan left this morning en route to Denver, to which place Brennan goes to assume the management of the Denver Sales Book Co., the Colorado department of the Pacific Manufacturing Book Company of this city.

CALL OF SCHOOLS MUST BE HEEDED

William Day Simonds Urges the Need of "Square Deal" for Teachers.

(By WILLIAM DAY SIMONDS.)
By far the most important work the present generation can do is to fit the on-coming generation for self-respecting, self-supporting American citizenship. The call of the public school is incessant and imperative. Other interests can wait if necessary; the schools cannot wait without peril to the state. "Whatever you would have appear in the life of the people you must put into your public schools," said a great historian. This is true in every land, but it is so much more true in a democracy than in any other form of government. A little schooling in the elementary branches no longer suffices. Instruction in foreign languages, living or dead, a smattering of science for the boys, and a few polite accomplishments for the girls—all this, good enough after its kind—is grotesquely inadequate. To build up efficient manhood, to prepare our children to do something that society needs to have done, to fit them for life, here in America and in this marvelous twentieth century, is the real business of public education.

PARTIAL DEFEAT.

And this is just what up-to-date teachers in our public schools are trying to do. They are suffering partial defeat for lack of intelligent and vigorous support by the patrons of those schools. Public education is in some respects disappointing, not because we have done too much for the schools but because we have done too little. Doubtless sometimes money has been unwisely expended, but in the main we, as taxpayers, have yet to learn that there is no investment so safe and economical as money expended to increase the scope and raise the standard of popular education. School costs less than prisons, and the amount expended to reclaim one bad man and repair the damage he has caused society would educate and equip a dozen boys for honest living.

After a careful examination I am compelled to say that the city of Oakland is not today giving her teachers a square deal. The work they are doing is the most difficult and important work now being done in this city. Every reasonable facility should be granted them; adequate buildings and equipment; in every school accommodations should be ample for the present and the immediate future. Upon these points there should be no question and no argument. All intelligent citizens are agreed.

SCHOOLS OVERCROWDED.

Yet many of our schools are overcrowded. Very few are properly equipped for either industrial or scientific training.

Our Manual Training and Industrial High school is carrying on a splendid work under conditions that would shame a back county district. The Central High school is in a most unfortunate location which will rapidly grow worse as the business district develops. The Fremont High school is already full to overflowing, and on every hand is evidence that the city is growing and its system of public education. Provision for the present and for the future must be made now before the cost of land becomes practically prohibitive. The bond election has not been called a day too soon. The board of education asks for a little rather than too much. Men of Oakland, go to the polls next Tuesday and give your hardworking, underpaid teachers and your own children a square deal.

NON-SAFETY MATCHES CONDEMNED IN GOTHAM

NEW YORK, May 11.—All non-safety matches are condemned in a resolution adopted by the National Board of Fire Underwriters today. Fire losses in this country last year exceeded those of 1909 by \$25,000,000, according to the report of a committee.

FIRST CHERRIES GO EAST.
SACRAMENTO, May 12.—The first carload of cherries to be shipped East from Sacramento to New York City was sent out over the Southern Pacific yesterday. The car contained 1013 boxes of cherries from Vacaville and 150 boxes from points along the Sacramento and the American rivers.

FIND BONES OF GIANT ANIMAL

The Indian Service Employees Uncover Skeleton in Montana.

GREAT FALLS, Mont., May 12.—In a deep canyon on the Blackfoot reservation north of Cutbank, two Indian service employees have just discovered embedded in sandstone the fossilized remains of a giant animal.

The vertebrae and ribs of the animal are very distinct, and it has a trunk or snout that measures twelve feet. Specimen hunters have already carried away pieces of the fossil and an effort will be made to prevent further marring of the specimen until an expert can pass upon the find.

PRINCETON MEN BOOM WILSON FOR PRESIDENT

BALTIMORE, May 12.—The Woodrow Wilson Democratic Association will be organized here this week and a big meeting is planned in this city for May 20. Princeton men throughout the State are interested in the movement, which is expected to spread to other cities after the boom has been launched here. The principal speakers at the opening meeting will be Senators Chamberlain of Oregon and Fore of Oklahoma. The idea is to counteract the sentiment that has been created in Maryland for Governor Harmon, and make it possible to present a solid East for the Governor of New Jersey in the National Democratic Convention.

DOCTORS KILLED IN AUTO.
MUSKOGEE, Okla., May 12.—Dr. A. W. Reed of this city, and Dr. Robert Julian of Fortum, Okla., were killed near Creekola, five miles to the west, late yesterday, when a St. Louis & San Francisco passenger train crashed into the automobile in which they were riding.

Valuable Item for Men

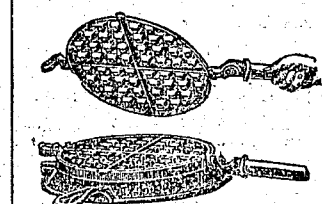

Health and strength hitherto unknown will be felt surgically in rich red blood through the arteries and veins and life's greatest ambitions may be realized as never before, if the following special treatment is followed by these men and women, too, who are stricken with that most dreaded of all afflictions, nervous exhaustion, accompanied with such symptoms as extreme nervousness, insomnia, cold extremities, melancholia, headaches, constipation and dyspepsia, kidney trouble, dreadful dreams of direful disasters, timidity in venturing into a general assessment, even when the public least suspects it. For the benefit of those who want a restoration to full, bounding health and all the happiness accompanying it, the following home treatment is given. It contains no opiates or habit-forming drugs whatever. Mix it at home and no one will be the wiser as to your affliction.

The treatment is simple, thorough and correct. Leading druggists supply the main tinctures, extracts and essences in one-ounce bottles, ready to mix. Get three ounces' syrup sarsaparilla compound, mix with one ounce compound fluid maltwort, and let stand two hours. Add one ounce compound essence cardiol, and one ounce tincture cadomene compound. The ingredients are used for various prescriptions.

For Breakfast Try "Sunkist" Oranges

Luscious Tree-Ripened Fruit

It is not sufficient to know that oranges are the most healthful of all fruits. It is quite as important to know the kind of oranges that are most healthful and most palatable. The world's finest oranges are now packed under the label "Sunkist." Please serve "Sunkist" oranges at breakfast tomorrow and learn the superiority of tree-ripened, seedless, fiberless oranges over the commonplace kind. Don't fail to save the wrappers. There is so much "meat" and nourishment in "Sunkist" oranges and so little waste that, in addition to their extra fine flavor and goodness, they are really the most economical oranges to buy.

"Sunkist" Lemons Juiciest

Lemons differ as much as oranges. Fluffy, thick-skinned lemons contain very little juice. You waste money when you buy them. Please ask for "Sunkist" Lemons and note how uniformly round each one is, and what a small percentage is skin and fiber.

Get This Valuable Orange Spoon

Save 12 "Sunkist" orange (or lemon) wrappers and send them to us, with 12 cents to pay charges, packing, etc., and we will present you with a genuine Rogers' Orange Spoon, of beautiful design and highest quality. Begin saving wrappers today. If you desire more than one, send 12 "Sunkist" wrappers and 12 cents for each additional spoon. To get this, please send one-cent stamps when the amount is less than 24 cents; on amounts above 24 cents, we prefer money order, express order or bank draft. Don't send cash. We will be glad to send you complete list of valuable premiums. 1/2 hour both "Sunkist" and "Red Ball" wrappers for premiums.

IN THE SPRING EVERYONE NEEDS S.S.S.

Spring is the season when the blood is weakest, and our systems least responsive to the demands of nature. It is the time of feeble appetites, poor digestion, lack of energy, bodily fatigue, and many other systemic disturbances which warn us that we need a tonic.

Everyone who needs a tonic needs a blood purifier, for it is the weakened and impure condition of the circulation that is responsible for the run-down constitution. A great many so-called tonics are mere nerve stimulants, often producing instantaneous exhilarating effects, but acting with decided injury on the system later. If your system is weak and depleted you can only tone it up by supplying an increased amount of nourishment, and this can come only through pure, rich blood. Any tonic which does not purify the blood is dangerous, because it leaves the impurities in the circulation to constantly prey upon the health.

S.S.S. has been used extensively in our family as a Spring tonic, given to both young and old, and always with the best results. It thoroughly cleanses the blood of all impurities at the same time it builds up the general health, gives appetite, strength and energy. We have given it to our children as intimate and found it to be non-injurious to the system and always capable of purifying the blood and restoring health.

MRS. CLARA DAUSERT.
Sohuykill Haven, Pa.
My blood was weak and impure last Spring, and I was troubled with a general letting down of the system. Under the fine tonic and blood purifying effects of S.S.S. my appetite improved, I increased in strength and weight and my blood was restored to its normal healthy condition.
OBERIN A. ROBINSON.
239 W. Diamond Ave., Hazleton, Pa.

It is nature's ideal tonic; made entirely of healthful roots, herbs and barks. It tones up the stomach and digestion, and contributes to strong, robust health. S.S.S. is for sale at drug stores.

CHIP AND MARBLE HEAD FUN SHOW COMING TO ORPHEUM

SAM CHIP, who, with MARY MARBLE, is coming to the Oakland Orpheum.

Some of the big vaudeville acts at the Orpheum will close their engagement Saturday night, these including "The Suspense" company, Jean Bedini and Roy Arthur, Selbit's Spirit Paintings and Taylor, Krantzman and White, but the tide that flows in next Sunday will bring some great new cards and the fun accordingly on Sunday will be just as fast and furious as it has been during this week.

The Orpheum people promise another great fun show on Sunday, headed by Sam Chip and Mary Marble, who are to appear in what is called a delft dialogue.

with ditties, designated "In Old Edam." Other new performers on the bill next Sunday will be the marvelous Millers, a dancing duo from Europe, Clarice Vance, known as "The Southern Singer," one of the big stars in vaudeville theaters in New York; Gladys Clark and Henry Bergman in a baseball flirtation, and others.

Bert Coote, with his delightful comedy "A Lamb on Wall Street," is scoring a great hit this week. He will be retained on the bill next Sunday, as will also Arthur Deagon, the famous entertainer; Goleman's European novelty, including canine and feline actors, Clay Smith and the Melotte twins, with a lot of fancy dances and songs.

VOYLE MYSTIFIED.

Joseph Voyle, president of the Berkeley Society of Psychological Research, closely investigated Mr. P. T. Selbit's Spirit Paintings at the Oakland Orpheum last night, and announced at the conclusion of the performance that he regarded the work of Mr. Selbit as among the most puzzling and interesting mysteries he had ever encountered in a course of a long career of investigation along psychological lines.

DEAGON IS GREAT.

Arthur Deagon, one of the stars at the Oakland Orpheum this week, is being entertained by his uncle, Arthur L. Harris, at his apartments in the Metropolitan Hotel. Harris, as cashier, is one of the prominent officials of the Central Bank of Oakland, and bears a close resemblance to his famous nephew, Arthur Deagon. It has been years since the two men had the opportunity of meeting, Mr. Deagon's engagements having occupied him almost uniformly in the east.

\$30,000,000 PENALTIES MAY BE INFLICTED

CHICAGO, May 12.—Three thousand corporations in the Chicago district which have failed to file schedules with Internal Revenue Collector Joseph W. Fitch may be forced to pay approximately \$30,000,000 in penalties to the government. On June 1 Fitch will ask United States District Attorney Sims to institute suits against all the corporations delinquent on that date. Final notices have been sent to all. The penalty for failure to respond is a fine of from \$1000 to \$10,000. On the other hand, approximately 12,000 corporations in this district have filed schedules, and it is believed thousands of dollars more in taxes will be collected this year than last, when the law first became applicable.

Looting the Family Pocket-Book

Facts about the Leather Trust and the Bad Quality of Shoes

What under the sun is the matter with leather nowadays! Bennie's shoes are almost off his feet again. Mamie's and John's can't last much longer—the way they are wearing out. And those shoes were new only a few weeks ago! Well—what can you expect when the shoe manufacturers of this country are in the grip of the Leather Trust? The Leather Trust is the matter with leather. Shoe leather to-day is no more what it was when you and I were boys than shoddy is good straight woolen. It has not the substance—the stamina to make a dependable, long-wearing shoe. It is starved in the tanning and finishing—tanned with hemlock in place of oak, with chemicals, with anything that will cheapen the tanning.

Leather Trust's Greed for Profits
The shoe troubles of the American people are due largely to one cause—the Leather Trust's greed for exorbitant profits. Nobody will deny that a tannery has a right to a profit. You as a business man certainly would concede the Leather Trust a generous return on its investment and on its cost of delivering the goods. But, as a shoe wearer, you know that it is not delivering the goods. The ordinary shoe manufacturer cannot protect you. He has to accept Leather Trust leather, and do the best he can with it. The only wonder is that he does as well as he does.

Your shoe dealer cannot protect you so long as he sells shoes made of Trust leather. But you can do everything to protect yourself. You can buy your shoes independent of all trusts and middlemen. You, your friends and neighbors, and the other folks of this town can go to the local dealer who carries Endicott-Johnson shoes.

This Firm Independent of Trust
Endicott, Johnson & Co. are the only shoe manufacturers in America who get their leather independent of the Leather Trust. They own their tanneries. They tan every pound of leather they put into their shoes. They tan every lot of hides with an eye to the shoe that is to be made of it—perfect the leather for the kind of service it is to give. The Endicott-Johnson plant is the one place in America where you can see shoe leather tanned by good old-fashioned standards of service to the folks who wear the shoes.

Honest Shoes at a Fair Price
Endicott, Johnson & Co. will tell you—that the Leather Trust never will tell you—that it is perfectly feasible to tan an honest leather, make it up into a stylish, serviceable shoe and sell it at a moderate price. They will prove it to you by saving you 50 cents to \$1.00 on every pair of shoes you buy—and give you leather that you simply cannot get in any other shoe.

ARREST MAN AS HE LEAVES BOAT

Charles W. Wetherell of Los Angeles Held for Officers.

SAN FRANCISCO, May 11.—Charles W. Wetherell, who says he is a Los Angeles real estate man, accompanied by his wife, was apprehended on the steamer Yale on the arrival of that vessel from the southern metropolis at 11 o'clock this morning. A dispatch received by the local police requested that Wetherell be held for a felony charge.

Detective Sergeant Conlan, who made the arrest, surprised Wetherell completely. Both he and his wife were fashionably dressed, and appear to be people of distinction.

The accused man asserts that he can think of nothing that he has done which would lead to the placing of a charge against him, but admits that he has left a few debts behind. He says, however, that he and his wife are only on a pleasure jaunt and intended to return to Los Angeles in a week.

Mrs. Wetherell was not held by the police, but went to stay with friends in Octavio street, while her husband was placed in the city prison to await further action in the south.

LOST WATCH AND BOB. BERKELEY, May 12.—J. V. Mendonhall, of 2829 Regent street, reported to the police today that a \$50 watch and bob had been stolen from him by a pickpocket at the exposition grounds last night.

MAY DAY FETE IS TO BE CELEBRATED

MILLIONAIRE TO GIVE NOVEL PARTY

KENTFIELD, May 12.—Tampala Center, the playground of Marin county, will celebrate its third anniversary tomorrow with a May day fete, in which all the schools and institutions of learning in the county will take part.

Associated with the board of directors are organizations known as the Woman's Club, Kentfield Driving Association, Play-ground Association, Literary Club, Art Class, Woman's Gymnasium Association and a number of different athletic clubs.

Queen Carmelita III, Miss Carmelita Bone of Mill Valley, will rule at the May day festival tomorrow. Her majesty of honor will be Misses Myrtle Nelson of Sausalito, Margaret Stealey of Kentfield, Gladys Quarre of Lakeside, Doris Daxide of Ross, Annie Mause of San Anselmo, Alma Rasmussen of the Presbyterian Orphanage and Ethel Kohloff of San Rafael.

BENTON HARBOR, Mich., May 12.—Any one related to Fundy E. Shoudy, the peppermint millionaire, by consanguinity or by affinity, is eligible to participate in a monster reunion of the Shoudys. The reunion, he announces, will begin September 28. He does not intimate when it will end.

Shoudy has not elucidated the phrase "by consanguinity or by affinity," which has so puzzled his friends. There is much speculation as to whether Shoudy intends the reunion as an iconoclastic demonstration against the prevailing social laws, or whether he slipped a cog in his vocabulary when he was inditing his announcement of the event.

Some persons take as enlightenment his supplementary remarks that he expects several thousand Shoudys to attend this affair. He declares it will be the world's biggest family reunion and this despite the fact that Shoudy is not a common name.

GIVES UP PENSION TO ENLIST. SPRINGFIELD, Mass., May 12.—With full knowledge that if accepted he will lose his pension, Frank C. Gough of Monson, a veteran of the Spanish war, applied to the local recruiting station for enlistment in the army.

LATEST NEWS FROM OUTSIDE TOWNS

HAYWARD A PROGRESSIVE CITY

Really Men and Bankers State May Will Be the Banner Month of Year.

HAYWARD, May 12.—In the real estate circles of Hayward, business is rapidly taking on such proportions that many of the financial men believe this month will be the banner one of the year. The new home of the Farmers' and Merchants' bank will be finished within a few weeks while the new May building is being erected on B street at a cost of over \$100,000. Plans are now being drawn up for a beautiful \$80,000 building to be erected on Correla street for the Hauschild company.

The employment of hundreds of men on the street work being done all over the city means of distributing a good deal of money, and the residents point with pride at the metropolitan aspect their town is assuming.

Before many months have passed word will start on one of the most beautiful high school of the state, at a site on Castro street.

In this school everything from arithmetic and grammar to domestic science and the study of practical farming and the raising of stock for the market and dairy will be taught by her husband and who have had years of experience. One portion of the large tract will be set aside as an experimental ground for such as the raising of flowers and vegetables and stock.

Assurances have been received by a chamber of commerce from the Oakland Traction company that within a short time an electric express service will be running between Oakland and this city. I. E. Parsons, one of the prominent men in Hayward, and president of the Hayward Bank, will soon formulate plans for his new electric street railway to traverse the business section of the town.

FIREMEN'S BENEFIT AT HAYWARD A SUCCESS

HAYWARD, May 12.—A benefit for the purpose of swelling the already large fund for the purchase of a new set of horses, was held at the Bio theater last night.

From the box office comes word that the affair was a great success, both financially and socially.

MRS. MINTURN'S WILL IS FILED

Decedent Was Pioneer Californian, Having Arrived in the State in 1852.

The will of the late Mrs. Elizabeth J. Minturn, who died April 15 at her home, 2034 Santa Clara avenue, was filed for probate today in the Superior Court.

The deceased was the wife of the late Charles Minturn, who was instrumental in causing the first ferry-boat to run between Oakland and San Francisco. They were among the earliest settlers of Alameda, having lived there for 55 years.

The greater part of the life of Mrs. Minturn was passed in California. She arrived in this state via the Isthmus of Panama in 1852 and made her home in San Francisco for some years prior to settling in Alameda. She was born in Hoesford County, Maryland.

The nonagenarian is survived by a grand-niece, Mrs. Ruth D. Esby, and a grand-nephew, Carol Davis, who reside in the east.

WOMAN NARROWLY ESCAPES FLAMES

Grocery Store and Dwelling in Annexed Section Burns to the Ground.

MELROSE, May 12.—A fire supposed to have been started by a party of small boys who were smoking, completely destroyed the grocery store and dwelling owned by Peter Laing, located at the corner of Boulevard and Forty-seventh avenue, yesterday afternoon.

Laing, who was in the front portion of the building at the time the flames broke out, noticed the party of youngsters running in all directions from his store. Thinking that they had gotten into some trouble at the rear of the building, he started to make an investigation. He was met at the door by his wife who had just escaped the flames.

The damage amounts to nearly \$1000 and there is no insurance.

BLACK MAN SCRUBBED WHITE BY NEGROES

MARLIN, Texas, May 12.—After two negroes had worked all day scouring him, cutting his matted hair and shaving his tangled beard, it was discovered that a wild man, arrested in a cave near here, was a white man. The man was found by the sheriff after a search of several days and is being held in the Falls County jail. For days the man had been hovering around Marlin, forcing housewives to cook for him when the men were away from home. He is believed to be an American fugitive, but he refuses to say a word. It is believed he has been hiding in the foothills for years.

WOODROW WILSON IS NOW IN CALIFORNIA

SAN FRANCISCO, May 12.—Hon. Woodrow Wilson, progressive governor of New Jersey, arrived in Los Angeles today on his way to this city, where he is expected next Monday.

Extensive plans have been completed for the reception and entertainment of the notable easterner. He will be the guest of honor at a luncheon of the University club on Monday. At the Fairmont hotel in the evening he will be the guest and principal speaker at a banquet which will be attended by more than 500 representative citizens.

Tuesday at the Greek theater in Berkeley, Governor Wilson will deliver another address. He is scheduled to leave Tuesday night for Portland.

Mason & Hamlin
PIANO

Mason & Hamlin Co.,
Boston, Mass.

Gentlemen:

During the many tours of the Pasmore Trio, in both Europe and America, we have had a most excellent opportunity to compare critically the leading pianos of the world. As a result of this comparison we do not hesitate to say that we are convinced that the Mason & Hamlin is superior to any piano we have ever known. It meets so perfectly every demand of the exacting musician that we are glad, unanimously, to pronounce it the most perfect piano in the world.

Enthusiastically yours,

THE PASMORE TRIO.

'DISARMAMENT A DREAM'---WOOD

CHABOT HALL IS MEETING PLACE

Major-General Says the Army Should Be Stronger Despite Peace Talk.

Alameda County Society for Prevention of Tuberculosis to Meet.

WASHINGTON, May 12. — "Disarmament of nations is a dream," declared Major General Wood, chief of staff of the United States army, before the House committee on military affairs, today.

In opposing a change in the term of enlistment from three to five years, General Wood urged as an alternative his plan for the establishment of a permanent corps of regular soldiers, who have been retired after three years of service. He declared that the army should be on a stronger basis notwithstanding the persistent movement of disarmament and permanent peace through arbitration.

"With the establishment of a reserve corps there would be 250,000 men within call of the war department within seven years."

A meeting of the Alameda County Society for the Study and Prevention of Tuberculosis will be held this evening in Chabot Hall, Eleventh and Grove streets.

Dr. Broderick, executive secretary of the San Francisco Association, will deliver a lecture on the "White Plague," illustrated by over eighty stereopticon views.

The Presbyterian Quartet, composed of Mrs. Zilpha Ruggles-Jenkins, soprano; Mrs. Zilpha Ruggles-Jenkins, soprano; P. Veeco, tenor, and Mr. Clement P. Rowlands, bass, will give several vocal numbers while instrumental music will be furnished by Leon H. Chamberlain, cello; Mr. Quinto Maghin, flute, and Mr. Victor Behlin, piano.

LOCAL MOTOR CLUB DEDICATES NEW QUARTERS

Ceremonies Open at Clubhouse With Beefsteak Dinner and Song.

MINSTRELS PROVE AN ATTRACTIVE FEATURE

The Moving Pictures of San Francisco Before the Fire Were Interesting.

The Oakland Motor Club was formally opened last night by over 120 members in the new clubhouse at San Leandro. A beefsteak dinner and an evening of vaudeville was the program carried through for the entertainment of the motorists.

The dinner was unique in more ways than one. To every one present the actual program was a matter of mystery, and this fact served to make the evening one of surprises and enjoyment.

From the opening number, a vocal solo by E. James Finney, until the last moving picture of San Francisco before the fire, there was something exciting every minute, to keep everyone present in good humor.

Bryant and Lucas, formerly of the Primrose minstrels, and Jimmy Jackson of this city sang a number of popular songs which were well received. Mervin York, a little newsy, gave a clog dance which was high class to say the least.

Max Horwinski, introduced as the Dutch wits of Oakland, Sol Carter, Tommy Toner and Sammy Hoffman in a variety of sketches for well.

Through the kindness of Jack Perkins, Frankie Burns, the lightweight, and Charlie Kelly were present and put up a fast three-round sparring exhibition.

Percy Walker, Pacific coast representative of the American Automobile Association, and president of the California State Automobile Association, and a member of the California State Highway League, addressed the motorists on the necessity of organization in this section, of all motorists, in order to secure a proportionate share of the \$15,000,000 spent in California on good roads.

He spoke of the fact that although the county of Los Angeles voted about three to one against this bond issue at the last election, that they now had formed a league and are bringing strong pressure to bear to have the work started first in that section of the state, south of Tehachas.

Walker himself is one of the most ardent advocates of good roads in the state and has worked harder along these lines than probably any other man in the state.

The program for the evening wound up with a number of songs by Bert Williams, introduced as a protégé of Eddie Smith, and Jack McCallister.

Dave McLaughlin was in charge of the program, assisted by C. J. Heeseman.

WORK TO BEGIN ON GREAT DAM

Structure at Calaveras Site Will Soon Be Under Way.

SAN FRANCISCO, May 12. — The construction of the long-planned Calaveras dam is soon to be begun by the Spring Valley Water company. A contract has been signed with the San Francisco Gas and Electric company for the delivery of power at the dam site and rushed during the summer.

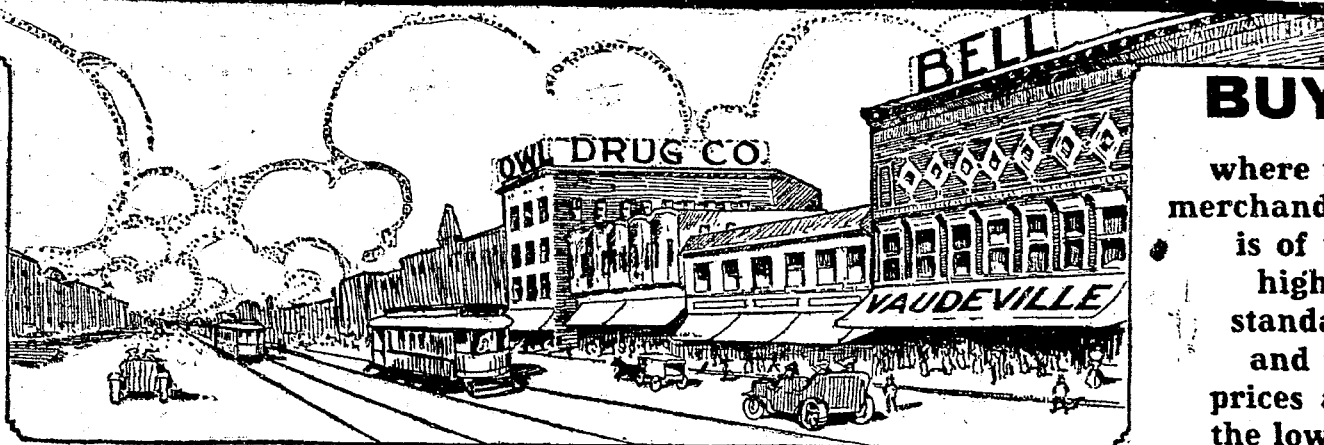

The power alone will cost \$100,000 and the electric company has already begun the running of a line from Sunol to the dam, a distance of ten miles.

The mountain on either side of the dam will first be shored down. The dam is to be raised to a height of 230 feet and will flood 1200 acres, impounding enough water to supply 30,000,000 gallons daily.

The suitability of the site for a great reservoir was recognized 30 years ago, but it has been within the last few years that the company acquired all the necessary land, though the controlling properties have been held for a generation.

SEVEN WOMEN TO GIVE ADDRESSES

To Share Equally in Honors on Program Given by Teachers.

For the first time in the history of the National Educational Association, which is to meet in San Francisco July 10 to 14, women educators will share equally with men positions of prominence on the program.

According to the program received by State Superintendent Hyatt, Ella Flagg Young of Chicago, the first woman president of the National Educational Association, has allotted seven of the four sessions to women, one of whom will be Mrs. Margaret E. Schallenberg, principal of the training department of San Jose Normal school.

The first general session will be held at 3:30 o'clock, Monday, July 10, in the Hearst Greek theater at the University of California. William B. Pringle, chairman of the California organization for the San Francisco convention of the National Educational Association, will preside. Other general sessions will be held at night at the Pavilion Rink auditorium, San Francisco.

The program for the general session is as follows:

MONDAY AFTERNOON, JULY 10.

Hearst Greek theater: addresses of welcome—Governor Hiram Johnson, Mayor P. H. McCarthy, San Francisco; President Benjamin Ide Wheeler, University of California.

Introduction of Mrs. Ella Flagg Young, president National Educational Association.

Response to addresses of welcome—Dr. Elmer Ellsworth Brown, United States commissioner of education, Washington.

The relation of education to temperance—President David Starr Jordan, Stanford University.

The cause of education—Helen Marcella Wixson, state superintendent, Denver, Colo.

TUESDAY EVENING.

Pavilion Rink auditorium, San Francisco—President's address, Ella Flagg Young.

Reorganization of American education—President James H. Baker, University of Boulder, Colorado.

FOREST FIRES RAGE IN EAST

Many Acres Burned Over in Connecticut and New York.

BOLTON, Conn., May 12.—Forest fires are again raging in this section, 100 acres of land having been burned over. At Bolton Notch the New England hotel was saved by pouring barrels of beer on the flames, which held them in check until help came by automobile.

ALBANY, N. Y., May 12.—About six square miles of fine maple and pine forest land between this city and Schenectady are blackened waste today as a result of a fire which is believed to have been started by a spark from a locomotive. The fire is still burning today, but is apparently under control.

YOUTH SOUGHT BY POLICE FOUND IN PLACER COUNTY

BERKELEY, May 12. — William Noble, a youth for whom the police of this city have been searching for six months, has been arrested in Auburn, Placer county, according to advices received here, and sentenced to 30 days in the county jail on a petty larceny charge.

Noble was arrested here last November on a similar charge. Judge Brown placed him on probation for 15 years, admonishing him to remain in Berkeley and abstain from the use of liquor, which is believed to have prompted his petty thieving.

The witnesses testified that when Noble earned a good living as a plumber, he was arrested for the theft of a pipe.

After being placed on probation he disappeared from the city. He will be brought here at the expiration of his sentence in Placer county.

By EDDIE SMITH.

Thirteen years ago Billy Delaney invaded the village of New York with a big California product of the boxing game. The young California giant made little impression with the fans of the Hudson village and when he was finally matched to meet Steve O'Donnell and Bob Armstrong the followers of the sport visited the scene of the scrap more with the idea of satisfying a curiosity to see the big man in action than to expect to see the coming champion in action.

Seated among those at the ringside was Bob Fitzsimmons, the then undisputed champion of the world, and after having witnessed the failure of Jeffries to put Armstrong out in the ten rounds he was allowed to then refuse to go on with O'Donnell, the bulky one left the place with the impression that Jeffries was a big mutton-headed fellow who didn't amount to much and one who never would.

Just ten months later Bob Fitzsimmons and Jim Jeffries were matched to appear in a world's championship contest at Coney Island. Jeffries had done nothing between the time he had met Armstrong and the matching time except stand for considerable drilling in the finer arts of the boxing game.

Remembering the experience in New York, Fitzsimmons looked upon Jeffries as a big body who would fall easy prey to his wonderful punching power. At the time Fitz was playing the "Honest Blacksmith" and so easy did he think the California giant would be that he did not lay off the show game until the last week prior to the contest.

The result of the dispatches from Los Angeles had little or no training and entered the ring in anything but a fit condition to defend his title. Of course the bandy-legged fellow was confident that the first time he fought with his left and cracked Jeffries on the chin with his left that the battle would be over.

FITZSIMMONS WAS EASY FOR JEFF.

Well, Fitzsimmons didn't put the big fellow out with his first wallop and before he fully realized the character of the man he was facing, his poor condition had told on him and in a very few rounds Jeffries had changed his own way. Fitz had remembered the night he saw Jeffries work with big Armstrong, but he had failed to figure on improvement.

The one breezy topic of pugilistic conversation at this time is the coming of Frankie Burns. At the contest that Jimmy Coffroth is to stage at his new eighth street arena, Jimmy and many of the champion's friends are a bit restless over the fact that Wolgast is still lingering in the south with apparently little care as to starting training for the match.

Frankie has made great strides during the past year and Wolgast should be wise to the fact that he is not to meet Burns in the south but in California, in training for Nelson. That is to say, if a view of purchasing the place.

Of course they say that about every fellow who visits the place, but there is

some chance of the Wolgast story being true. Wolgast has said that he may stay at Los Angeles for several days yet and do some of his training there, but he will have little confidence in such training. Tom Jones, manager for the little German, is very anxious to get down to real business and he has asked the champion to come north.

Coffroth has been after Wolgast and says he has many of his friends. The answer to all this is that Burns will prove an easy mark and that he will be doing well to last eight rounds.

A little over a year ago, while Wolgast was training for the match with Battling Nelson, Frankie Burns visited the Seal Rock House one afternoon and at the suggestion of some friend, Wolgast and Burns agreed to box a few rounds. Burns was then in the making, and his manager, Jack Perkins, had hit upon the idea of trying the little fellow out in the best of the lightweight company.

In the rounds of boxing that followed Burns behaved to the entire satisfaction of his manager and backers and they straightaway proclaimed that he would soon be the champion.

WOLGAST HOLDING BURNS TOO LIGHTLY.

When asked as to what he thought of Burns, the champion replied that he was a good boy and so forth, but it could be seen that he was giving Burns a charitable boost. There is little doubt but that at the time Wolgast thought Burns just a good local prospect among the local lightweights.

Now that the time has come when Ad should settle down to strenuous training for the coming bout he is still at Los Angeles and it is felt by some that he is making a mistake.

The lesson of Fitzsimmons should be a guiding light to the little champion and the sooner he settles down to the work the better off he will be. Jeffries made rapid strides toward improvement in the time which elapsed between the bout Fitz witnessed and the one he took part in, and surely no one will say that this is not true of Burns.

Frankie has made great strides during the past year and Wolgast should be wise to the fact that he is not to meet Burns in the south but in California, in training for Nelson. That is to say, if a view of purchasing the place.

Of course they say that about every fellow who visits the place, but there is

CHOW CHINESE

Chinese and Japanese boxers who will box four rounds at Dreamland Rink in San Francisco this evening.

Besides these two Burgess and Bowers, two promising middle-weights are to also try conclusions in the arena.

BURGESS AND BOWERS FEATURE ON CARD AT DREAMLAND

SAN FRANCISCO, May 12. — Nine four-round bouts make up tonight's program of the Hawthorne Club at Dreamland. The card is made up of middleweights and two pairs of bantamweights will clash in the special events.

Brick Burgess and Sailor Bowers, who fought across the bay last month, will answer the clang of the gong in the windup. This should be a good slugfest match.

And like Cohen, the other 158-pound boxers, are fast, willing scrappers.

Eddie Camp, the scientific newsboy, has tough, laid to box in Roy Moore, who put up such a determined fight against George Kirkwood, Harry Dell, another sturdy pugilist, will clash with Jim Fox.

A comical feature will be the contest between Mo Chow, a Chinese lightweight, and Yugo Watanabe, the Japanese boxer. Charlie Miller, the heavyweights, will referee this go.

The balance of the card follows: Joe Greigains vs. Bert Andrews, Jack Douglas vs. Kid Cleveland, Cyclone Kelly vs. Moe Kowalski, and Fele Matsuda vs. Mysterious Mitchell, heavyweights.

BOSTON BUYS YOUNG PHENOM FOR NEXT SEASON'S RACE

VICTORIA, B. C., May 12. — Paul Strand, the 17-year-old pitcher of the Spokane club of the Northwest League, was sold yesterday to the Boston club of the American League.

Strand will finish the season with the Northwest League. It is reported that Boston paid \$5000 for the young pitcher.

runs and drove Eastley off the hill. With the double play that would have been made and the next man flying out the Beavers wouldn't have had a tally.

Even with this the boss of the Seals

couldn't see that Eastley wasn't to blame but instead gave him the hook.

Oakland went through another game without a bobble, showing that the team is as good as any of them when it comes to the third to the sixth inning, and the game, but when the heater is all to the bunk what can a team do?

After Wiggs had received his usual trouncing a youngster named Dubois took up the burden. Whence he came and what he is nobody seems to know, we'll have to wait more information about the man.

Dillon is hitting the ball nicely these days, but at that anybody ought to hit Wiggs. Wiggs is a nobody, but he has made eight of the bingles the Angels gathered.

Mahoney is getting to be a regular Ping Bodie with the home run stunts, and he is certainly helping the Senators nicely with that walloping of his. It was the smash he gave the ball that won the game yesterday.

The sea-saw race continues and today Port's back on top of the heap. Sacramento moved up a base and are now in third place.

Melchior gave the Beavers a run in the sixth when he held the ball in right hand and he showed poor judgment in trying to steal second on the 10th. As friend Buzz remarked: "Melchior is great with the stick but that's him out then as a ball player."

Hunk Shaw blew into Oakland yesterday and put on one of last year's uniforms. What Ewing will do with the player is guess work, but no one sees him taking anybody's place in the infield at least, and he will have to go some to grab and stiff position.

Carl Mitze will be out of the game for some time now as he broke his thumb in the south. Tidemann is on the job but will be of little use to the team. Pearce will have to do the brunt of the work.

JIM WIGGS BLOWS UP ONCE AGAIN AND OAKS LOSE OUT

Portland Finds Eastley and Browning Easy, While Baum Gets Best of Hooligans

By BERT LOWRY.

Down in Lemonville it was disaster for the Oaks, Los Angeles, winning by a score of 9 to 1. Up in Sacramento the O'Rourke's came tramping along and on a home-run hit by Mahoney "busted" up a tie and won out by a score of 4 to 3. Out at Freeman Park Portland went after the offerings of Eastley and Browning and walked off the field with the long end of a 6-to-2 score.

In the southland it was the same old story—bun heavers. Mr. Wiggs who has pitched but one good game in the last two months essayed to get away with the home run again, but he was Jerry to his brand and right off the reel began to slam his shoats all over the place.

It was the trimming he got that was the cause of the defeat, and will be the cause of an ancor defeat if he is continued on the pay roll.

Getting back to the contest at Freeman Park it was fairly rather like that of the day before, still it was worth seeing. There was enough fancy fiddling to keep the extraordinary big crowd on their toes all the time and the hitting was hard and timely enough to give the rooters of both teams a chance of a yell.

EASTLEY WASN'T ALL AT FAULT AT THAT.

Portland didn't dent the scoreboard until the fourth inning and then a rank error, which at that happens to the best of men, gave them their start and four times the gong rang before they were finished.

Sheehan opened the round and was passed to first by Krueger, who then advanced to centerfield advancing Tommy to second. Rapps then hit to Mohler and the Kid made a clever stop and made a throw to McCardle for a double play, but Harry was too anxious and he dropped the ball all hands else.

With the fault somebody else, East-past Vitt and Sheehan and Krueger romped to the rubber and on Murray's slap to the rightfield fence Rapps and Rodgers registered.

PATRIOTIC TEACHINGS FOR SUNDAY-SCHOOLS

The patriotic instructors of the various posts of the Grand Army of the Republic in Oakland have issued a general request to the superintendents of the city's Sunday-schools asking that these schools devote the Sunday before Memorial Day to patriotic exercises. The manner of this instruction is to be left to the discretion of the Sunday-school superintendents.

The instructors responsible for this request are J. W. Wilson of Lyon Post, G. A. R., J. H. Pierce of Apomattox Post, and W. H. Atwood of Forter Post.

REVOLVERS ARE BOOTY OF BOLD ROBBERS

SAN FRANCISCO, May 12. — Burglars, again attracted by the display of arms in the show windows of the Shreve & Barber company, 1023 Market street, broke into the place this morning. The lock on the iron door was broken and a hole cut in the glass, enabling the culprits to obtain about nine pistols. The firm has suffered from burglars on numerous occasions and each time guns and ammunition have constituted the most of the booty.

WINS SUIT FOR COIN TAKEN BY ANOTHER

HARTFORD, Conn., May 12. — A jury in the superior court has awarded \$1440 to Miss Clara St. Gorman in her suit against T. Peter Conley. This is the full amount which her complaint alleged she earned while leading a life of shame. She gave the money to Conley to put in the bank for her, but he converted it to his own use. On the stand this morning, just out of her teens, testified as to the manner in which she earned the money and to the different amounts she had given Conley.

POSTMASTER NAMED.
WASHINGTON, May 12. — George W. Black has been appointed postmaster at Tres Pinos, San Benito county, Cal., vice J. Randa, resigned.

OLD RESIDENT OF THIS COUNTY DIES

Thomas G. Gibb, a Retired Machinery Expert, Passes Away.

Thomas G. Gibb, a retired mining machinery expert, died this morning at his home, 2241 Grove street, after a long illness. He was 70 years of age.

Gibb had lived in Oakland and Berkeley for nearly thirty years, having spent a few years in Alaska, where he was in charge of setting up mining machinery. In his native of Pennsylvania he was a skilled mechanic in railroad car shops.

He is survived by a wife and five children, Mrs. W. E. Steadman of Los Angeles, and Mrs. J. F. Higgins, Mrs. W. H. Stanford, Alexander A. and Charles L. Gibb of Oakland.

He was a member of McCandless Lodge, No. 390, Free and Accepted Masons, and Duquesne Chapter, No. 133, Royal Arch Masons of Pittsburgh, Pa.

The funeral will take place from the family home Monday afternoon at 2 o'clock, Rev. Frank L. Goodspeed, pastor of the First Presbyterian church, officiating. Interment will be in Mountain View cemetery.

NEW ATTORNEY IN ALAMEDA OFFICE

St. Sure Will Conduct Oakland Practice; Miss Simpson in Office.

ALAMEDA, May 12. — Judge A. F. St. Sure, city attorney of this city, who succeeds the late Milton William Simpson, has furnished his offices in the city hall which he will occupy in connection with his law offices in the Bacon building, Oakland.

Although devoting considerable of his time to the duties of the city attorney here, Judge St. Sure has made arrangements to continue his law practice in Oakland and will retain his Oakland offices.

Judge St. Sure has engaged Miss Edna Simpson, the sister of the late city attorney, to take charge of the offices in the city hall. Miss Simpson is a stenographer. Judge St. Sure will be in attendance at the city council committee session tonight.

CONSTITUTION REJECTED.

BERLIN, May 12.—The bill providing a constitution for Alsace-Lorraine, regarding which the government parties have been trying for several months to reach an acceptable compromise, was rejected in its entirety in the committee of the Reichstag yesterday. The Reichstag will now attempt to settle the matter out of committee, but the outlook for the bill is dubious.

Here is another one of those pretty Cups and Saucers, trimmed with burnished gold and decorated with sprigs of roses. If you are making a collection of individual patterns or have a remembrance gift to make, see this special Saturday.

We Have an Apology to Make on Last Saturday's Special Sale

We did not have enough Casseroles to last the whole day. We are sorry so many were disappointed by coming in the afternoon. It is a hard matter to judge the quantity required for these sales when we make our purchases. We hope you will appreciate our position. We dislike very much to disappoint our patrons.

Don't overlook that CLEAN-UP-SALE

of the Braley-Grote Furniture Company's stock at their old address, 412 Twelfth street, between Broadway and Franklin.

Price or profit no object, we must dispose of these articles at once

GREAT FESTIVAL BEGINS IN LONDON

Industrial Exhibition Is Illustrated With Historical Pageants.

LONDON, May 12.—The Festival of Empire, a combination of an industrial exhibition with pageantry illustrative of episodes in the history of the different parts of the British empire, was opened at Crystal Palace today by King George and Queen Mary. It was the first public community of their majesties since court mourning for King Edward ended, and the first of a long series of functions which promise to make the coronation season memorable.

The king and queen drove in a semi-state carriage drawn by four horses from the Buckingham palace to Crystal Palace, opposite which a new entrance to the Crystal Palace had been made for their use. Enormous crowds lined the route as the state procession passed. In Cambridge Green the royal pair was greeted by 40,000 school children.

Mrs. Reed, wife of the American ambassador, participated in the opening ceremony.

BURKE SANITARIUM SOLD TO PHYSICIANS

SANTA ROSA, May 11. — The Burke Sanitarium, which has been closed since the conviction of its owner, Dr. W. P. Burke, the aged physician, on the charge of having dynamited a tenthouse on the place occupied by Lu Etta Smith, was sold yesterday to Dr. Goss Haskell of San Francisco and Dr. W. R. Coffeen of Green Bay, Wis.
